

EARTHQUAKE IN ITALY IS VERY HEAVY

ROME, May 18.—An earthquake of particular violence has occurred along the Adriatic coast between Rimini and Cesena. At the latter town a dozen persons were injured. Father Alfani, director of the observatory at Florence, predicts a repetition of the earthquake which extended to the Venetian provinces.

The entire central section of Italy was shaken by repeated earthquakes which lasted through Tuesday and Wednesday. Only the most meager details have as yet been received in this country and it is not known what loss of life occurred, if any.

Remnants of Ford Party Reorganize

STOCKHOLM, May 18.—What once was the Ford peace expedition was today reorganized formally as the "Neutral Conference for Continuous Mediation," with two delegates from neutral countries, the United States, Switzerland, Holland, Denmark, Norway and Sweden. Although still generously supported by Henry Ford, a manifesto issued today says the conference must not be confused with the original expedition. Only the Rev. Dr. Charles F. Aked of the original party that sailed from the United States now is a delegate, but Louis P. Lochner still is the general secretary. Miss Emily Greene Balch of Wellesley College now is the secretary and delegate and Frederick Holt of Detroit is acting as business administrator for Ford. The delegates from the other neutral countries were chosen by the votes of various peace organizations and are quite prominent.

4 Months in Jail for "Libeling" Washington

TACOMA, Wash., May 18.—Convicted of criminally libeling George Washington, first President of the United States, Paul R. Haffer, a Socialist, was today sentenced by Judge Card in the Superior Court to serve four months in the county jail and to pay the costs of the trial. This action was taken following a motion by Haffer's attorney for a new trial, which was denied.

Two days' time was granted for the filing of notice of appeal, and Haffer was permitted to enjoy his liberty on bail meanwhile.

Haffer's arrest and subsequent trial followed the publication of an article in an evening paper in which Haffer criticized the private life of George Washington and announced himself as a "libel of liars." He denied the tendency of the American public to worship heroes of their own creation, without first investigating to determine whether their adulation is justified by the conduct of our public men.

CONFEDERATES ADJOURN.

BIRMINGHAM, Ala., May 18.—Confederate veterans brought their annual reunion here to a close today with a grand parade. The encampment, which meets in Washington next year—the first time of the South—has been marked by few cases of accident or illness among the old soldiers.

German Consuls to Deliver Imperial Message

WASHINGTON, May 18.—Germany, through Count von Bernstorff, has instructed all German consuls in the United States to admonish German citizens in their districts scrupulously to observe American laws. This was done in an effort to end various alleged violations of American neutrality.

The ambassador acted on instructions from the Belgian foreign office. This action was announced today in this official statement from the German embassy:

"In consequence of cases which have occurred of late the German ambassador has sent instructions to all German consuls in the United States to strongly impress upon German citizens living in their district that it is their duty scrupulously to obey the laws of the state in which they reside."

It was said at the German embassy that the instructions were designed to prevent plots of lawlessness on the part of German citizens. The German government, it was said, looks with disfavor on such conduct.

It was made clear that Berlin officials want the United States and its people to understand that they have not countenanced any illegal affairs which German citizens or sympathizers in this country have been connected. Count von Bernstorff's instructions were received last night and were forwarded to German Consuls immediately.

It was said that the instructions to German consuls were not the result of any action by the United States. Administration officials thought the step might do much to relieve troublesome conditions which have manifested themselves almost since the beginning of the war.

It is understood the German government is learning that public opinion in this country was being affected by activities of German sympathizers, desired to put an end to activities objectionable to the United States.

Bishops Not Named in Series of Ballots

SARATOGA SPRINGS, N. Y., May 18.—The third day of voting for seven new bishops or general superintendents of the Methodist Episcopal church opened today with the announcement that no election had resulted from the fifth ballot which was cast late last night.

Before proceeding with its legislative business the sixth ballot was taken. The fifth ballot showed many changes. President Herbert Welsh of Ohio Wesleyan University was the leader with 444 votes.

Following in order came Thomas Nicholson, secretary of the board of education; 431; A. W. Leonard, Seattle, 428; Secretary W. P. Oldham of the foreign missionary board, 424; Matt Hughes, Pasadena, Cal., 419.

Rotary Club Men Hold Final Session

The last luncheon of the old directorate of the Oakland Rotary Club was held today at the Hotel Oakland, prior to the election of officers to take place on May 25. V. O. Lawrence, president of the club, and several directors, were among the speakers. No outsiders spoke. The work of the club in the past year was reviewed, plans for the future discussed, and several new activities outlined.

Tonight sees the closing lecture of the series given under the club's auspices by Professor Emerson Barrett. This lecture will be held in the ballroom of the Hotel Oakland.

CABINET ORIENTED.

PARIS, May 18.—A decree signed today by President Poincaré creates a committee of cabinet ministers to aid in "the reconstruction of the army and regions invaded or affected by acts of war."

SEEK ADVICE ON WATERFRONT LEASE

Smith Proposal Refused by City Attorney for Opinions.

The matter of leasing 555 acres of warehouse and factory site land fronting on the Key Route basin to F. M. Smith and Rufus P. Jennings, in return for \$1,500,000 to be expended on city wharves and docks to be erected on the western waterfront to provide facilities for the use of the leased land, is to be referred to City Attorney Paul C. Mott and to the firm of Fitzgerald, Abbott & Beardsley to investigate the legal phases of the proposition. An opinion will be sought from these four attorneys as to whether it will be necessary to amend the charter and, if so, just what the form of the amendment shall be.

Four commissioners appeared to favor the Smith-Jennings proposal. On the contrary, it is inclined to question the desirability of leasing a large strip of waterfront land for 99 years, and plans to recommend that the matter shall be referred to the harbor committee of the Chamber of Commerce.

ASK ABOUT CAPITAL. Questions are being asked as to the capital behind Smith and Jennings in the enterprise. They have proposed to expend \$1,500,000 during the first five years of the tenure of the land, but no intimation has been made as to the source of this capital.

This is the biggest thing that has been offered in Oakland in a long time, said Commissioner of Public Works Harry S. Anderson. "There need be no apprehension on the part of the public that Oakland will give away any part of the waterfront. Nothing is being asked for on the waterfront, but only the back of the waterfront. Smith and Jennings are not asking for any preferential rights on the wharves to be erected with the \$1,500,000 they will furnish the city, and will pay the same rate as any other shipper using these facilities."

LARGE INVESTMENT. "I have not thoroughly looked into this matter, but on the surface it looks like a big thing," said Commissioner W. J. Jackson.

"The people will never vote money enough for the necessary development of the western waterfront," said Commissioner W. H. Edwards. "We should welcome large investments of capital. This appears to be a good proposition. We must look well into its legal phases, however."

Commissioner Jackson also commented favorably upon the Smith-Jennings proposal.

GAMBLING LTD IN CITY OFF AGAIN

(Continued From Page 1.)

old timers among the women of irregular life. The women who have been engaged in this traffic for years are still in business here. They are known to the police. But they are arrested only about once or twice a year.

"When a new girl from some outside town comes to Oakland and is taken into the streets and recognized by her actions as a vagrant, she is almost immediately arrested. A girl was arrested the other day who had been in Oakland only three days. But the old timers are really not interfered with so long as they do not make themselves particularly objectionable. They arrest these women once in a while, and they forfeit \$25. Then they are let alone long enough to get another \$25 saved up.

LIST FURNISHED. "Last October we furnished the police with a list of twenty-nine lodging houses and hotels from which women had been arrested from time to time for vagrancy. These addresses were taken from the police records. Substantially the same places are in existence today.

"There are houses which keep all their rooms for transient women, and some of their rooms for transients, and those which ask no questions. Of course the first are unquestionably places which could be closed under the red light abatement act.

"It has been said that the Red Light Abatement act is one to be invoked by private persons. But this is only as a last resort.

"It is the disgrace of a city that private persons should be forced to perform the functions which should be performed by the constituted authorities. That is the disgrace of San Francisco. These private persons have closed up ten houses in the past few months. San Francisco is known as the only county in California where such action was necessary, where the public officials could not be relied upon.

NO PROGRAM. "But there is no program in this regard in Oakland at the present time. It should be part of the routine of the prosecuting attorney, who is a deputy under the district attorney, to report these cases to the district attorney when a woman has been arrested from certain premises for vagrancy. It should be part of the routine work of the district attorney to call in the property owner and inform him the evidence was in the hands of the authorities that could mean a civil suit against him as the owner of the property. And these suits should be brought by the constituted authorities if the offense is repeated at the same location."

Beauty of Music to Be Taught Children

SAN FRANCISCO, May 18.—Free concerts every Saturday for the children of San Francisco, rich and poor alike, between the ages of seven and fifteen have been successfully inaugurated in an effort to culture the musical taste of children above that of "rag" music. Hundreds of children, those of the wealthy, mingling with the youthful, but curious, street crier turned out to hear the first concert.

The San Francisco People's Orchestra, numbering among its players some of the musicians of the Symphony Orchestra. The children are treated to the best works of the great composers. It is really a Saturday morning rehearsal that the young folks hear.

Some of the children at the opening concert, it was said, had never before heard good music. The orchestra, opened a new world of sound and rhythm, and beauty. It is Conductor Minetti's plan to supplement the orchestral work with stories about the music they hear, the instruments that make the sounds, and the men who wrote the music.

CHINESE TO JAIL. SAN FRANCISCO, May 18.—Leo To and Mol To Lee were given a year each in the county jail by Federal Judge Dooling today after they had pleaded guilty to attempts to illegally land here. Leo Kung 16 years old, posing as the son of Leo To.

HALF FARE PLEA IS TAKEN TO COUNCIL

Women Serve Notice Campaign for School Car Rate Is On

The campaign for half fares for school children on the street cars of Oakland, Berkeley and Alameda reached the city council of Oakland today in the form of a notification signed by representatives of the Federated Mothers' Club of Oakland and other Alameda county cities, announcing that a concerted effort is to be made to obtain this betterment.

"We have been informed that application is being made for the renewal of certain franchises for street railroads," the communication stated. "We consider this an appropriate time to launch the campaign for half fares for school children. Los Angeles, San Francisco, Portland and other cities have long enjoyed this privilege for their children."

"This council is not the proper body to whom to apply," said Mayor Davis. "This rests in the hands of the State Railroad Commission and should be referred to the commission."

"This is simply a notification that we are going to make a campaign," explained Mrs. W. T. Cloverdon of the Berkeley Federation of Mothers' Clubs. "We are not asking you to take any action, but merely advising you that we are going to do it."

JACKSON RECALL IS GIVEN REBUFF

(Continued From Page 1.)

solled them in public," said Mayor Davis. "Unless we find that that is the only way we can get it changed, but it is better to wash it in public, than not to wash it at all."

New Names Are Promised Today

Promises were made this afternoon that a supplementary recall petition containing approximately 2500 new signatures, will be filed before closing time at the city clerk's office at 5 o'clock. After the rejection made by City Clerk L. W. Cummings on the first petition, the petitioners wanted 175 of being sufficient to make the calling of an election mandatory.

Surprises are promised by both the friends and opponents of Dr. Jackson with regard to withdrawals from the petition. Withdrawals from the petition can be received for the next seven days, during which the supplementary petition is being verified, and it is stated that the withdrawals will number over 1200. The exact number already withdrawn is being kept secret, as many of these have been made before a notary public, and have not been filed with the city clerk.

That arrests will be made for the making of false representations to obtain withdrawals from the petition was stated today by members of the Taxpayers' League. Secretary J. H. Somers stated that complaints have been made to the league from a number of persons that the situation was misrepresented to them to induce them to withdraw their names.

The necessary signatures to force a recall at the present time number 6476. The petition after the city clerk had registered the names rejected was 1756 short of this number. If the supplementary petition contains about 2500 names, and a large proportion of these are thrown out, and if 1000 withdrawals are registered, it will be a close question as to whether the recall petition as amended will be sufficient when the city clerk makes his report in seven days from today.

10-Year Suit Won, But \$53,064 Still Not Paid

SAN FRANCISCO, May 18.—Although ten years of litigation have given Gregory Drisen and Henry Zuckerman judgment of \$53,064 against the Barneson, Hibbard Company, shippers and warehouse men, they say they are unable to obtain settlement and tomorrow morning will seek to examine Captain John Barneson, millionaire and president of the corporation, to discover what has become of its assets. Drisen and Zuckerman shipped a cargo on one of the Barneson Hibbard steamers which was lost. The insurance, they claimed, was collected by this corporation but was not turned over to them. They obtained judgment and writ of execution only to find, they say, that the corporation had no assets on which execution could be had. Judge Sewell will tomorrow conduct the hearing.

"Corns All Gone! Let's All Kick!"

Every Corn Vanishes by Using Wonderful, Simple "Gets-It" Never Fails. Applied in Two Seconds.

Isn't it wonderful what a difference just a little "Gets-It" makes—on corns and calluses? It's always right somewhere in the world, with many folks humped up,

Farmers Watch Promise of Rain

Showers in North Are Moving South

Rain came out of the north this morning and deluged upper California as far south as Sacramento in the interior and Eureka on the coast. A disturbance over the plateau region is responsible and it has been showering heavily in Oregon and Washington since yesterday. The disturbance is expected to last through tomorrow and the prediction from the U. S. Weather Bureau is for showers and unsettled conditions throughout the state. The rain is expected in the region of the bay cities before night fall. Although some damage will be caused to hay cut in the field, the moisture will be generally welcomed by the farmers.

Allege Griffiths Has Bogus Magazine Plan

SAN FRANCISCO, May 17.—Warning was sent today to the police of the bay cities to watch out for W. D. Griffiths, who was sentenced in December to sixty days in the county jail in Oakland for circulating a bogus magazine scheme. Griffiths, who is an expert swimmer and former aerial trapeze performer with Barnum & Bailey's circus, is said to have continued his operations in Oakland and

TROOPS GUARDING CITY DURING RAID

\$500,000 Worth of Liquor Is Confiscated, Is Estimate Made.

COLUMBUS, Ga., May 18.—National Guard troops today were in charge of the situation in Girard, Ala., just across the line from here, where a large force of special deputies yesterday confiscated many thousand dollars' worth of liquor held in violation of the Alabama prohibition laws. The Opelika Company, numbering seventy men, arrived at Girard at 4 p. m. and at once began patrolling the streets. They were assisted by 103 special deputies sent here on a special train by order of the state attorney general. Five freight cars were ordered to carry the confiscated liquor to some unnamed destination tomorrow.

The raids began at 8 o'clock in the morning and continued until 6 o'clock last night. The search was resumed today and probably will continue for a week. It was estimated that nearly a half million dollars worth of liquor had been found.

Following his release, The Curtis Publishing Company has sent the warning to the authorities with the added information that Griffiths usually stopped at the T. M. C. A. when operating in a given community.

Tennessee Dems Renominate Rye

NASHVILLE, Tenn., May 18.—The Democratic state convention was still in session early today after renominating Governor Rye and selecting four delegates-at-large to the national convention. The convention endorses the administration of President Wilson and his foreign policies, commits the party to temperance and calls for the submission of a constitutional amendment granting woman suffrage.

Army Legislation Awaits Approval

WASHINGTON, May 18.—Only approval by the House of the conference report on the army reorganization bill was necessary today to complete the legislation. The Senate last night adopted without a record vote the conference report on the measure.

Millions for State House OK's River Bill

REP. CHARLES CURRY.

Congressman Curry and His Colleagues Hopeful

WASHINGTON, May 18.—Advocates of flood prevention legislation for the Mississippi and Sacramento rivers were hopeful today of early action by the Senate on the bill which the House passed last night by a vote of 249 to 149. The measure would appropriate \$45,000,000 for the Mississippi and \$5,000,000 for the Sacramento. This is contingent upon the Mississippi valley interests contributing an amount equal to one-half of the Mississippi appropriation and California an amount equal to the Sacramento appropriation.

Congressman Charles Curry, who represents the greater part of the California district to be affected by the bill, has worked with untiring patience in Congress to secure the appropriation for this State. A mass of data collected at his behest was presented to the congressional committee, and was employed to much advantage in supporting his argument for the Sacramento expenditure. While the project was initiated several years ago, it was never approved for appropriation because of a policy not to include new work in the rivers and harbors legislation measure. However, the California delegation, strongly supporting the project at this session, was able to work in conjunction with the house group jarring the Mississippi flood control, and as a consequence the Sacramento flood control was successful. One of the strongest points of the proponents of the project is that both rivers offer, with regard to physical and engineering factors, a parallel situation.

STATE TO MATCH.
 The State of California is to match the \$5,000,000 with an equal sum, while the Sacramento valley landowners are to build all river levees, by-pass levees and by-pass rights of way, in a work estimated to cost them, under the debris removal plans, approximately \$30,000,000.

The bill provides machinery, under the War Department, by which any flood problems, other than the Mississippi and Sacramento, may be examined and reported on by army engineers.

Representative Curry told the House that the Mississippi and Sacramento rivers were the only two projects which have been thoroughly investigated and surveyed and reported on in Congress by the chief engineers.

BIG RECLAMATION.
 He explained that the Mississippi river project would make possible the reclamation of about 35,000,000 or 16,000,000 acres of land, while on the Sacramento river the bill would permit the reclamation of 1,000,000 acres by private enterprise.

G. O. P. Committee to Pass on Delegation

CHICAGO, May 18.—The members of the executive committee of the Republican national committee will have a comparatively easy time when they meet to consider contests over seats in the Republican national convention, James B. Reynolds, secretary of the committee, said today. He declared his information indicated that there would be contests over only 44 seats. These are: Florida, 1; Georgia, 17; Louisiana, 12; Mississippi, 2; Missouri, 3; Oklahoma, 4; South Carolina, 3; Virginia, 1; District of Columbia, 2.

Secretary James B. Reynolds of the Republican national committee, today notified all persons interested in contests over delegates to the party convention to be in Chicago ready to present the evidence in their cases before the national committee Thursday, June 1. On that date Chairman Hill and members of the Republican committee will meet here to arrange a schedule for hearing the contests.

Unofficial notice of a contest in Texas involving three delegates has been received by Secretary Reynolds.

MAYO TO FLY FLAG AS NAVY CHIEF

Fletcher to Go Out and Atlantic Unit to Be Under New Head.

WASHINGTON, May 18.—Vice-Admiral Henry T. Mayo, now commander of the first division fleet with his flag on the Arkansas, will succeed Admiral Fletcher as commander-in-chief. Admiral Fletcher automatically returns to his line rank of rear admiral and probably will be assigned to important strategic work.

Five Battle Cruisers, House Committee Plan

WASHINGTON, May 18.—In deciding upon the increase of the navy the House naval committee today voted to abandon the 6-year building program, recommended by Secretary Daniels, and to recommend that five battle cruisers, to cost \$25,123,241 each, and four scout cruisers, ten torpedo destroyers, twenty submarines, one hospital ship, one oil supply ship and one ammunition supply ship, be built during the 1917 fiscal year. The committee voted 13 to 3 on battle cruisers and submarines.

The committee unanimously adopted a resolution by Representative McNulty of Missouri authorizing the President upon conclusion of the European war to invite the world powers to a conference to frame a court of arbitration or other body for peaceful settlement of disputes between nations and appropriating \$200,000 for the purpose.

The bill which may be taken up in the House next week carries a total appropriation of approximately \$280,000,000 as against \$155,000,000 for the current fiscal year. The bill is a landmark in naval history as it carries in fourteen-inch guns, have thirty-five knots speed, 130,000 horsepower. Of the twenty submarines, three are to be of 800-ton displacement and the other seventeen of such type as the navy department may determine. The committee also passed a bill to increase the number of the smaller submarines and four of the destroyers shall be built on the Pacific coast, provided that the cost shall not be greater than on the Atlantic coast.

Democratic Women Meet in Convention

Democratic women, assembled in the second annual convention of the Women's State Democratic Club of California at the Phelan building in San Francisco yesterday, made direct attack on the "mummy foot" practice of candidates for office in soliciting nominations from more than one party. The spectacle of a candidate holding nominations as Republican, Democratic, Progressive, Prohibitionist and Socialist, the same office was strongly opposed in a resolution adopted by the delegates.

Democrats Name More Alternates

SAN FRANCISCO, May 18.—Additional alternates to the Democratic National Convention have been elected as follows: United States District Attorney John W. Preston, Will A. Dwyer, San Francisco; C. A. Spence, San Francisco; Don Davenport, Oakland; Thomas M. Hatchett, Colton; Lee D. Windsor, Richmond.

Progressives Open Chicago Headquarters

CHICAGO, May 18.—Progressive national headquarters were opened here today with Oscar King Davis, secretary of the national committee, in charge. Among candidates discussed today by Progressive party leaders for temporary chairman of the party's national convention were Raymond Robins of Illinois, Wm. Allen White and Henry Allen of Kansas, Gifford Pinchot of Pennsylvania and Everett Colby of New Jersey.

Two names have been suggested for sergeant-at-arms, E. J. Corrick of Omaha and J. R. Kirkwood of Kansas City.

 LONDON, May 18.—The French steamer Mirah has been sunk, it was learned in shipping circles this afternoon.

Chained Women In Great Parade 40,000 Are Expected to Enter March

CHICAGO, May 18.—The difference between the twelve States where suffrage has been granted to women and the thirty-six others will be strikingly illustrated in a parade here June 7, in which it is expected at least 40,000 women will march in an effort to persuade the Republican National Convention to put a suffrage plank in the platform.

Twelve young women dressed in white and bearing the names of the States where suffrage has been granted will lead a detachment of 35 other girls dressed in gray, with their hands manacled and their progress impeded by a ball and chain, symbolizing the States where women have not the voting power. The balls used will be colored in order that progress may not be too greatly hindered.

The committee announced today that Sunday, May 28, is to be proclaimed suffrage day. The woman's Liberty Bell, an exact replica of the Liberty Bell, will leave Philadelphia today, it is announced, and will be driven on an automobile in the parade.

WILSON ENDORSED.
 COLUMBIA, S. C., May 18.—President Wilson and Vice President Marshall were endorsed for a second term today by the State legislature for its "earnest consideration" by the State Democratic convention here last night.

Senator B. R. Gilman was re-elected national committeeman.

Nurses' Examination by State, Next Month

SACRAMENTO, May 18.—A nurses' examination will be conducted by the state in San Francisco, Los Angeles and Sacramento on June 13 and 14. Miss Anna C. Jamme, director of the bureau of nurses' registration, announced today.

San Mateo Highway Work Begins Soon

SACRAMENTO, May 18.—Work will soon be started on the construction of the State highway from Berkeley to Redwood City, the state highway engineer announced today.

There was delay on this job occasioned by the securing of the right of way. The Southern Pacific Company owns \$913,333 besides about ten acres of land, in consideration of the elimination of two bad grade crossings by the routing of the proposed highway. San Mateo county helped along with \$600, so that the state, for \$500,000, secured a right of way that would otherwise have cost \$50,000.

Roosevelt to Invade Ford's "Home of Peace"

NEW YORK, May 18.—Colonel Theodore Roosevelt left Oyster Bay for Detroit today. The trip was undertaken at the request of prominent Detroit citizens who, angered at Henry Ford's views on peace being credited generally to Detroit, want to give Roosevelt and preparedness a big send off.

Bankrupt Testifies in Riggs Bank Case Trial

WASHINGTON, May 18.—William A. Mearns, member of the bankrupt brokerage firm of Lewis Johnson & Company, called by the government as a witness today in the perjury trial of three officers of the Riggs National Bank to testify to any relations existing between the bank and his firm, said that after the panic of 1907 such a relation was established. The firm, he said, wished to take over the Washington business of the New York brokerage firm of Post & Flagg and he went to see President Glover and vice-president Fletcher of the Riggs Bank.

Mearns testified Glover told him the edge of a panic was a bad time for a bank to make new obligations, but if Lewis Johnson & Company had good collateral, it probably could be accommodated. Later he said the loans were made. Mearns testified there was a private telephone between his office and the bank, over which telephone orders for the sale and purchase of stocks were received. The wire, he said, connected with an instrument on the desk of H. H. Fletcher, one of the indicted men and then cashier of the bank.

Western Roads Win Big Mail Concession

WASHINGTON, May 18.—In the face of the stoutest opposition from Postmaster General Burleson and his supporters, Judge Dixon of Tennessee, the small Western railways won a notable victory in the report of the Senate committee on postoffice and postroads. The Little Western roads, led by D. M. Swope and C. M. Oddie of the Western Association of Short Line Railroads, have secured everything they asked.

The bill, passed by the House of Representatives, providing for the space method of regulating the amount of pay, was discarded by the Senate committee. Instead, it is provided that there shall be an annual weighing of the mail to decide how much shall be paid.

President to Address World Peace League

WASHINGTON, May 18.—President Wilson today accepted an invitation to speak either Friday or Saturday of next week at a meeting here of the League to Enforce Peace, of which former President Taft is president. The President in speaking to an anti-preparedness committee recently suggested that after the war all nations might combine in a league to preserve peace with a common police force.

In celebration of the anniversary of the first Hague conference representatives of the women's peace party today urged President Wilson to take immediate steps to call a conference of neutral nations to make efforts to end the war in Europe. He was told the war in Europe was the only thing delaying peace in Europe was the beginning of the movement by neutral countries.

Mrs. W. Thompson Burch, chairman of the local branch of the women's peace party, and Mrs. Charles Edward Russell and Mrs. John A. White, vice-chairman, informed the President they believed the only thing delaying peace in Europe was the beginning of the movement by neutral countries.

DISTRIBUTE YOUNG FISH.
 SACRAMENTO, May 18.—In the past forty-five years the State Fish and Game Commission has distributed in the waters of California 746,537,323 fry, an average of 16,589,718 fry a year.

Members of the committees preparing for Sunday's outing at Idora include J. J. Scannell, president of the Oakland relief board; Fred Ritter, William Henderson, J. Lanella, J. Richter and Frank Zelleh of Oakland, and C. G. Bickie, P. J. Gray, Jacob Label and M. Blume of San Francisco. A competitive drill will be participated in by California Circle, Companions of the Foresters, Captain Roberts and the Grand Circle, Captain Baston, for a silver trophy presented to the women's organization by Grand Chief Ranger W. A. Anderson of Woodland. Competition drills will be held by the men's teams of Oakland, San Francisco and Livermore. The entertainment will include a minstrel show by Court University Mount troupe of black-face artists.

Stars in Broadway Bill Program of Variety

"Molly-Make-Believe" Is Headliner Act

MARGUERITE CLARK.

It is very easy for those who have seen Marguerite Clark on the screen in her previous Famous Players productions to imagine her teasing her indulgent grandmother, ordering her small brother around the house, keeping a whole family agog by her impudent refusal to stay home, finally running away from home with her diminutive brother, and commandeering a freight train in order to reach the city where she intends to search for a position.

These are some of the things which she does in the famous Players-Paramount adaptation of Eleanor Hallowell Abbott's celebrated story and book, "Molly-Make-Believe," in which she is starring at the Broadway.

Also on the same bill with Miss Clark is Charlie Chaplin in "The Floor Walker."

The Burton Holmes travel pictures round out the bill.

Humperdinck's Opera to Be Staged Here

Announcement was made today that the American Grand Opera Company which is to essay opera in English at the Municipal Auditorium will present "Hansel und Gretel." Humperdinck's fairy opera, during presented for the first time in English at the Municipal Auditorium will be the opening week. The opera will be given during the opening week will be "Faust" and "Martha." The season commences June 6.

High praise was given the new segregation at a private hearing at the Auditorium today when "Faust" was rehearsed before music teachers and a score of society people invited by Directors Paul Steinhardt and Karl Schulz. The chorus of 100 trained voices, which the two directors have been drilling, was given applause.

Principals engaged for the season include Madame Marlan Bernhofer of the Royal Opera of Stuttgart, Mannheim and Freiburg, Germany, coloratura soprano; Madame N. N. N. of the Carl Rosa opera company of London, contralto; and Madame Beauchamp of the Imperial Opera of Petrograd and the Paris Opera Comique, mezzo-soprano. Two local favorites will be heard in the new company. They are Robert Harrison, tenor, and Earl Little, basso.

American Participant in Riot to Be Freed

NEW YORK, May 18.—Lukio Kilgallon of Far Rockaway, Long Island, was notified today by the State Department at Washington that his son, John A. Kilgallon, 23 years old, under arrest in Dublin on a charge of participating in the Sinn Fein revolt, would soon be released.

Young Kilgallon was a student in the school conducted by Patrick H. Pearse, the "president" of the Irish Republic, since executed. According to information received by his father, the boy with a number of fellow students were enlisted in a cadet company by the Sinn Fein leaders, but were kept in ignorance of the purpose for which they were being trained. His father has been informed that a cable message has been received in Washington from the American embassy in London saying that all of the cadets are expected to be given their freedom.

Deny Terramorse Release Petition

Superior Judge Ogden has denied the petition of Frank Terramorse Jr., for release on a writ of habeas corpus. Terramorse is in the county jail, having been held to answer in the superior court to a felony charge involving his relations with Mrs. J. R. Noller of Alameda. The date of his trial has not yet been set but will probably not take place until sometime in June.

Attorney A. S. Newberg, counsel for the defendant yesterday complained to Judge Ogden that he objected to having Deputy District Attorney W. B. Smith prosecute the case. Attorney Newberg and Deputy Smith had several warm controversies during the trial of Terramorse on the larceny charge, for which he served a six months' sentence, in the county jail.

Militia and Regulars to Compete at Fete

Company F, Fifth Regiment of Infantry, will be a part of the huge sham battle and maneuvers to take place at the Marin county flower pageant and barbecue at San Benito next Sunday, between the regular army men and the Fifth Regiment of the National Guard. The companies will go into the field with full equipment. Blank cartridges will be used, and the spectators, as well as some of the men themselves, will smell the smoke of battle for the first time.

Together with the maneuvers will be a review of the National Guardsmen by Governor Johnson. The guardsmen will pull off many prize track events, notably among them, the equipment race, where each man dresses himself complete, even to assembling a rifle bolt; the centurion race, where ten men straddle a tont pole and run.

THE ORPHEUM NOW Announces Its New Midsummer Policy Of Big Triple Shows

— HEADED BY —

Because of their Immensity the Orpheum Shows will start at 7:45 o'clock beginning next Sunday.

Beginning next Sunday there will be a huge bill of amusement features offered at the Orpheum—consisting of three divisions of entertainment—all for one price—the Orpheum's standard price.

Notice the Three Divisions!

Division I.

ORPHEUM VAUDEVILLE

(Every act that plays the San Francisco Orpheum will appear at the Oakland Orpheum.)

Division II.

MUSICAL COMEDY

(Each week a big high-class musical comedy will be produced by a company of forty artists.)

Division III.

FEATURE PICTURES

(The best that money can buy in the motion picture world will be offered each week.)

FRITZI SCHEFF

The brilliant Viennese prima donna, whose gowns are a revelation, whose fame as "the little devil of grand opera" is world-wide—whom every woman in Oakland will want to see—Fritzi Scheff, is to head the vaudeville division of the Orpheum program.

"Bright Eyes"

One of the sparkling, effervescent, delightful \$2 musical comedies in two acts in which Cecil Lean and Florence Holbrook formerly starred, will be the musical comedy feature of the Orpheum's bill. It will delight the eye, and tickle the ear, and set the feet of the Orpheum crowds a-dancing with its catchy melody and gay fun.

Percy Bronson and Winnie Baldwin

These two sterling stars will head the big company of forty artists that are to make merry in "Bright Eyes." With Percy Bronson and Winnie Baldwin there will be:

ANN TASKER, the beautiful prima donna of the original "Madame Sherry Company; PAT BARRETT, a smart comedian from New York; EDDIE ALLEN, the dancing wonder of the musical comedy field in Chicago; JEAN DEV-EREAUX and a host of other clever ones, and, last but not least—

The Dancing Beauty Chorus All Young and All Pretty!

The feature screen drama will be a "The Sins of Men" five-part masterpiece—

The orchestra will be augmented for the summer under the direction of Leon Kowalski. The musical comedy will be directed by Felix Rice of New York.

The Orpheum Theater will be beautifully decorated next Sunday by Sanborn, the Broadway florist.

The prices will NOT be advanced.

PLEASE NOTICE THIS!

The screen drama will begin at 7:45 each night—the musical comedy at 8:30 each night—the vaudeville at 9:45 each night. The curtain will fall at 11:15.

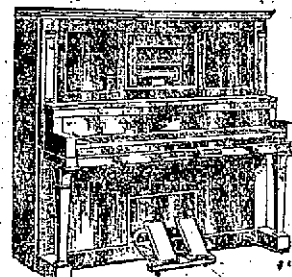

The daily matinee will begin sharply at 1:45 o'clock.

Thomas Ryan Sued for Heavy Damages

NEW YORK, May 13.—Thomas Fortune Ryan, traction financier, was served in a \$300,000 damage suit against the Metropolitan Street Railway Company brought by Benjamin Oppenheim, a lawyer, disbarred several years ago at the instance of the railway company but since reinstated.

Oppenheim charges that the railway's directors raised a "slush fund" to procure his disbarment when he was accused of subornation of perjury in a damage suit against the Metropolitan Company.

Circulation Guaranteed to Equal that of Any News- paper of this year there will be a great exodus out of the cities into the country as soon as school is closed.

Our small order department is expected to do its business and every facility is being arranged to effect prompt mail and express service.

Those of our customers who have taken advantage of this mail order service will remember the quick response obtained from their letters. In fact, last year one of our friends laughingly accused us of shipping her goods before we received her letter. We always try to get the order off on the next train following receipt of order.

EDITORIAL

Judging from the demands already made upon us for vacation supplies, it appears that the coming summer will prove to be a great time for vacationers.

We anticipated that this would be the case and have laid in a stock accordingly.

Last year every one stayed home, on account of the fair. Year before last "hard times" caused many people to remain at home. Therefore, this year there will be a great exodus out of the cities into the country as soon as school is closed.

Our small order department is expected to do its business and every facility is being arranged to effect prompt mail and express service.

WHAT ABOUT POISON OAK?

If you are going where Poison Oak is likely to be found, be sure to take along a bottle of Taylor's Poison Oak Remedy, for you never can tell when you or some of your companions are liable to be afflicted.

This remedy has proven to be more efficacious as a preventative and cure than anything for the purpose we have ever sold.

ARGENTINE ANTS SHOULD BE KILLED NOW

They say that Argentine ants are not quite as bad this year as last. If this is the case, then, now is the time to stamp them out in your neighborhood. Get some Argentine Ant Poison and place the feeders in your garden. Get your neighbors to do the same. Keep these feeders supplied with the poison and you'll eradicate the pest. For 25c we sell a bottle of the poison and one feeder.

Electric Lanterns for Camping

Don't go on a camping trip without an electric lantern. They're the handiest lights you've ever handled.

Eveready lanterns are now being made with batteries which last a long time. They're always ready, never dangerous, brilliant and inexpensive.

A properly equipped medicine cabinet is particularly essential in connection with your vacation home.

Authors Would Join With Labor

Writers Discuss Affiliation With Federation; to Improve Conditions.

NEW YORK, May 13.—The Authors' League of America, of which Winston Churchill is president and Theodore Roosevelt vice-president, is considering the advisability of affiliating with the American Federation of Labor, it was announced here last night. A luncheon will be held tomorrow at which Hugh Frayne, general organizer of the American Federation of Labor, will discuss with the league's council the details incidental to submitting the proposition to a vote of the full membership, which comprises virtually all the authors of prominence in the country.

Members of the league who already have approved the plan, according to Eric Schuler, the secretary, are Rex Beach, George Barr McCutcheon, George Barr Baker, Samuel Hopkins, Walter Prichard Eaton, Lenox Scott, Jesse Lynch Williams, Ellis Parker Butler, Mary E. Wilkins Freeman and Theodor Dreiser. It was said that Mr. Buchanan conceived the idea and that officials of the Federation of Labor welcomed it with enthusiasm.

"We feel," said Secretary Schuler tonight, "that with the backing of the 2,500,000 members of the American Federation of Labor our efforts to improve conditions in the literary world will obtain a more respectful hearing. Already we have accomplished many reforms, but there are still important corrections to be made. Broadly speaking the relations of authors and publishers, theatrical and motion picture managers hitherto have been one-sided. We feel that we aim to do to make them two-sided."

The Authors' League of America was organized in December, 1912, and now has more than 1300 members. According to Secretary Schuler a plan is being worked out to invite newspaper writers to join the league.

Billy Sunday Injured by His Own Preaching

KANSAS CITY, May 13.—Billy Sunday, the evangelist, is going to Baltimore for an operation at the conclusion of his meetings here, he stated today. He is suffering from double hernia brought on by the strenuousness of his work in the pulpit.

Seattle Capitalist Dies

SEATTLE, Wn., May 13.—George R. Wilson, who came to Puget Sound in 1853, died of heart disease yesterday at his home at Bothell, near here. He was 76 years old. Mr. Wilson, who was born in England, began life as a sailor, but settled on Puget Sound when he was 23 years old and acquired extensive property holdings in King county, much of it in what subsequently became the business district of Seattle. He never married but is survived by a half brother, William P. Chislett of Los Angeles and several sisters in England.

Mrs. Neville Expires After Short Illness

Following an illness of some weeks, Mrs. Georgian MacKenzie Neville, widow of the late John Pym Neville, president of the Selby Smelting Company, passed away last evening at the Merritt Hospital in this city. She had been suffering for some time, and the physicians in charge of her case decided to operate. She died 18 hours after being removed to the hospital.

John P. Neville died December 8, 1914, as the result of injuries received in an automobile collision. The family home is at 3317 Broadway. Mrs. Neville is survived by a son, John Frank Neville, the noted golfer, and a sister, Miss G. MacKenzie of Berkeley. Funeral arrangements are being made.

OFFICIAL ROW ENDED. OGDEN, Utah, May 13.—The controversy which has existed for nearly a year over a successor to J. M. Mills, superintendent of Ogden's public schools, was ended last night when John C. Miller of the Grande Ore. was elected to that position. Mr. Mills, whose term expires May 30, served five years.

Launch Captain Is Charged With Deaths

TACOMA, Wash., May 13.—Indicted by the federal grand jury here, E. P. Wood, captain of the launch Victor II, which founded off Point Defiance January 15, is again in default of \$1500 bail, charged with responsibility for the death of Walter and Florence Bower, passengers, who were drowned.

Wood was arrested in a logging camp near Vancouver, B. C., brought to Tacoma. There are ten counts in the indictment, the principal ones being that he loaded freight improperly; failed to arrange it properly after he had started on the trip in the face of a storm; failed to rescue the drowning and his brother. The indictment carries a maximum sentence of ten years in the penitentiary and a \$10,000 fine. The Victor II was headed for Allyn when the accident occurred. The passengers, lumbered nearly twenty, but all managed to cling to the capsize boat or to debris until assistance came, except the Bower children, who were swept off the launch.

Stockholder Sues for Company Account

Caesar Ehlers, a stockholder, has commenced suit for an accounting against the directors and management of the Great Portland Cement Company, alleging mismanagement. The action is the second of its kind to be filed against the concern within a week. The plaintiff particularly alleges that the directors purchased a tract of land for \$125,000 which is worth considerably less.

Swedish Crisis Is Threat of Past

Activists Fail in Their Effort to Plunge Country Into War.

STOCKHOLM, May 13.—The Swedish crisis has passed and the Activist attempt to force a situation which would plunge the country into war has failed. Sweden will remain firmly and impartially neutral. The government feels no alarm concerning Russia's activity in fortifying the Aland Islands lying off the east coast of Sweden, between the gulf of Bothnia and the Baltic sea.

Reassuring statements to this effect were made yesterday in both chambers of the Riksdag. The announcement by Foreign Minister Wollenberg of the government's position was followed by statements from the Conservative parties and a unanimous declaration in the government and satisfaction over its course were expressed.

This evidence of a complete agreement between the contending political factions in the Riksdag with the government in the king means that Sweden is today no longer against entering the war than at any time since the world hostilities began. It also shows that the Conservatives were not willing to lend to the Activist war group the aid they had expected, but preferred to co-operate with the Socialists and Liberals in their determination to keep Sweden neutral. Women Fight for Use of Schools

WASHINGTON, May 13.—How District of Columbia clubwomen have been fighting an unwilling school board for permission to use school houses for community meetings is the principal message district delegates took today when they started for the biennial of the General Federation of Women's Clubs which meets from day after tomorrow until June 3 in New York.

It is the fight in which Miss Margaret Wilson has shown her ability in handling legislative committees.

Mrs. Court P. Wood, president of the district federation, will speak on "How We Have Helped the Immigrant; How We Have Helped the School Leaver; How We Called the Young to Service."

Federation delegates are Mrs. Maudie B. Paul, Mrs. Augustus Knight, Mrs. Josephine L. Jacobs and Mrs. Ellis Logan, with Mrs. L. B. Sime, Mrs. Estelle Wheeler, Mrs. Anson Carter, Mrs. Ernest F. Bicknell and Mrs. Eugene E. Struss. Mrs. Thomas K. Noble is delegate of the Pro Re Nat Club; Mrs. Edward B. Clark, Mrs. C. E. Town and Mrs. Thomas W. Sidwell, delegates of the Twentieth Century Club, with Miss Elizabeth M. Carr, Mrs. Ernest F. Bicknell and Mrs. Eugene E. Struss as alternates, and Mrs. Mary S. Lockwood and Mrs. Olive B. Lee delegates of the Women's National Press Association, with Grace M. Pierce and Lida M. Williams as alternates.

Women's White Pique Sport Skirts 98c

Another case of the "early bird catching the worm" for though in all sizes there are only 75 in the lot. Cut in the fashionable flare and of good quality pique in small and medium wale. Two jaunty outside flap pockets and large white pearl buttons add to their smartness. A correct outing skirt for the little price of—98c.

Heavy Rep Sport Skirts \$1.19

Another excellent sport model in heavy rep, full flare, two attached pockets and large pearl button trimmings. Just the thing for town or country outing attire.

Women's Black Satteen Petticoats 98c

Very appropriate for vacation wear, being of medium weight black satteen in a silk tulle finish. A fitted underskirt with pretty flounces of pleats and tucks, in all sizes, for 98c.

Extra sizes, in two styles, finished about the waist with an adjustable draw-string, are valued at \$1.19.

Fixings for the Home Nottingham Curtains 98c Pair

An exceptional value for so small a price. An extra heavy double-thread curtain with double borders in white and ecru. Fresh and new; 45 to 50 inches wide; 2 1/2 and 3 yards long.

Sunfast Draperies 39c Yard

A surprising bargain in the store of bargains. Sunfast material extremely hard to get on account of dye scarcity. Consequently the next shipment will be at a much higher price. But, because we bought early, we can still sell Sunfast for 39c, although 50c is now its most common price elsewhere. Plain colors, 36 inches wide, in blue, brown, green, rose and red.

Cretannes 19c Yard

A very extensive assortment of low price cretannes in beautiful designs, among them being the attractive floral patterns popularly used now for women's and misses' sport skirts, as well as for home decoration. A special offering for the May sales—Columbia cretanne in pink, blue, brown and other colors, 32 to 36 inches wide, at 19c a yard.

Authors Would Join With Labor

Writers Discuss Affiliation With Federation; to Improve Conditions.

NEW YORK, May 13.—The Authors' League of America, of which Winston Churchill is president and Theodore Roosevelt vice-president, is considering the advisability of affiliating with the American Federation of Labor, it was announced here last night. A luncheon will be held tomorrow at which Hugh Frayne, general organizer of the American Federation of Labor, will discuss with the league's council the details incidental to submitting the proposition to a vote of the full membership, which comprises virtually all the authors of prominence in the country.

Members of the league who already have approved the plan, according to Eric Schuler, the secretary, are Rex Beach, George Barr McCutcheon, George Barr Baker, Samuel Hopkins, Walter Prichard Eaton, Lenox Scott, Jesse Lynch Williams, Ellis Parker Butler, Mary E. Wilkins Freeman and Theodor Dreiser. It was said that Mr. Buchanan conceived the idea and that officials of the Federation of Labor welcomed it with enthusiasm.

"We feel," said Secretary Schuler tonight, "that with the backing of the 2,500,000 members of the American Federation of Labor our efforts to improve conditions in the literary world will obtain a more respectful hearing. Already we have accomplished many reforms, but there are still important corrections to be made. Broadly speaking the relations of authors and publishers, theatrical and motion picture managers hitherto have been one-sided. We feel that we aim to do to make them two-sided."

The Authors' League of America was organized in December, 1912, and now has more than 1300 members. According to Secretary Schuler a plan is being worked out to invite newspaper writers to join the league.

Swedish Crisis Is Threat of Past

Activists Fail in Their Effort to Plunge Country Into War.

STOCKHOLM, May 13.—The Swedish crisis has passed and the Activist attempt to force a situation which would plunge the country into war has failed. Sweden will remain firmly and impartially neutral. The government feels no alarm concerning Russia's activity in fortifying the Aland Islands lying off the east coast of Sweden, between the gulf of Bothnia and the Baltic sea.

Reassuring statements to this effect were made yesterday in both chambers of the Riksdag. The announcement by Foreign Minister Wollenberg of the government's position was followed by statements from the Conservative parties and a unanimous declaration in the government and satisfaction over its course were expressed.

This evidence of a complete agreement between the contending political factions in the Riksdag with the government in the king means that Sweden is today no longer against entering the war than at any time since the world hostilities began. SOCIETY News and Views of WOMEN Uncle Wiggly KIDDIES

MISS RUBY BOARDMAN, WHO HAS BEEN ASSISTING IN RAISING MONEY FOR THE GABY'S DISASTERS FUND FOR FRENCH SOLDIERS DISASTERS.

Oakland: Sixty guests will be entertained at this affair, and the hostess will be assisted in receiving by a group of her friends.

TO HEAR ART TALK.
Another of the series of talks by Mrs. Mary Sanford Ford that have been attended by a number of prominent people will be given this evening at Hotel Oakland. This will be on "Color," and will be given by Mrs. Ruth Waterman Anderson, with Walter Humphrey Brown assisting at the piano.

BERKELEY DISPENSARY DAY.
A reception planned for next Wednesday afternoon by a number of prominent matrons on the Berkeley Free Dispensary, which is to be held in honor of the professional and business men of the city who will play baseball that day for the benefit of the dispensary. This informal function will be held at Hotel Shattuck after the game under the direction of Mrs. Henry Martinez. Tags made by a committee of these workers are to be sold on the Berkeley streets by a contingent of fair sympathizers with the cause, and several other plans have been made to add to the benefit fund. Those who will lead the manufacture and sale of the tickets are Mrs. Hugh Montague, Mrs. E. C. Williams, Mrs. Thomas Harris, Mrs. Robert E. Baker, Mrs. E. G. Folger, Mrs. Andrew Davis, Mrs. G. A. Mattern and Mrs. James C. Chaddock.

QUEST RETURNING OAKLANDERS.
Many friends of Dr. and Mrs. Albert Rowe (Mildred Porter) are greeting them enthusiastically on their return from Boston, where they have spent the last two months while Dr. Rowe was taking a postgraduate course at medical college there. The wedding was a large affair of last summer and was presided by much entertainment for the newly married couple. The returning young people will make their home here and Dr. Rowe will be associated in his profession with his brother, Dr. Charles Rowe. There will probably be several reunions for them with their many friends.

TO ASSIST THE ALLIES.
Miss Ruby Boardman, the sole and gifted young daughter of the William Boardman of Berkeley, is soon to depart for France the share of the gate receipts raised by the garden fete, so that the French soldiers may have more of the necessities of life. She is one of the group that has been entertaining Miss Alice Durnin, a popular bride-elect, both along the way and here and there a few of the Oaklanders who are much interested in musical affairs.

FOR THE DAY NURSERY.
Many tables for dinner parties have been reserved at Hotel Oakland tomorrow night as a prelude to the festivity that will transform the hotel into a garden of delight for the day nursery building fund. Among the hosts and hostesses will be Mr. and Mrs. John Francis Smith, Mr. and Mrs. J. C. Chaddock, Mr. and Mrs. Frank C. Dana, Mr. and Mrs. William Mulhern and Mr. and Mrs. D. Elmer Dyer.

ENJOY UNIQUE LUNCHEON.
Nearly a hundred members of the Oakland Club and their guests enjoyed a unique luncheon held yesterday in Star King Hall. It was a "vacation" affair, as befitting the last luncheon of the season, and each of the many large tables had been decorated to represent some summer resort or some particularly picturesque trip. In the center the directors set about round table suppers to be the Lincoln highway, with a brown road running along a great basket of wild flowers. Posts marked the stations along the way and here and there a policeman gave a look of authority to the scene. Another table that owed its scheme of decoration to Mrs. Fred R. Hamilton was Lake Tahoe, with a lake in the center, Indian wigwags, miniature camp fire, birch-bark paddle and canoes and a number of blue and gold flowers from

GABY'S BEDTIME STORY

UNCLE WIGGLY

"Do you think I look all right?" asked Uncle Wiggly Longears, the rabbit gentleman, as he looked into the mirror. He was standing in front of his dressing room, and he had on a new coat. For once he was not wearing his heavy fur coat and was wearing a lighter one.

"Yes, you do look very nice," Nurse Jane said, looking at him in a mirror. "You look like a new coat."

"Oh, yes, indeed!" exclaimed Nurse Jane. "I must be very careful not to get my new coat dirty, or I won't look like a new coat at the party."

WINGFIELD AND HIS WIFE ARE RECONCILED

Garden Hose Is the Cause of Lively Battle SAYS THAT WIFE FLED WITH BANK ACCOUNT

RENO, May 13.—Domestic difficulties between George Wingfield, musician, and his wife have been adjusted finally, it was learned here today.

Mrs. Wingfield will arrive in Reno soon. She has been in San Francisco and has not lived in the Reno home since 1914. The children are coming with her and the family will resume their home life here.

In the agreement just reached, Hoyt, Oakland, is understood to have Mrs. Wingfield's certain promises from her husband before she would consent to the reconciliation. It was made, it is reported, that in the event of future separation all property rights would be settled out of court.

The estrangement between the couple became known when Wingfield inserted an advertisement in a San Francisco newspaper to the effect that he would not be responsible for his wife's debts.

COVETED IS DOUBLED; HIS GETS EVEN.
SANTA CLARA, May 13.—When A. E. Brown, an employee of the Western Lumber Company, stopped in front of a pretty garden today to rap a pun, he was met by a woman who was a neighbor of his.

EXPECT CLASH AT CHURCH SESSION

Conference of Presbyterians Opens at Atlantic City With Crowd.

ATLANTIC CITY, May 13.—The long expected clash between the radical and the conservative elements of the Presbyterian church is likely to develop at the 123rd general conference, which began here today, from the action of the New York Presbytery.

The New York Presbytery, which is one of the largest in the denomination, is expected to bring up a resolution which would disavow the action of the New York Presbytery in the election of a new moderator.

The action of the New York Presbytery in electing a new moderator was a direct challenge to the action of the New York Presbytery in the election of a new moderator.

OAKLAND NEWS

This Case Has a Hint for Many Tribune Readers.

This Oakland woman has used Doan's Kidney Pills. She has found them as represented. She wishes her neighbors to know. She publicly recommends them. No need to look further for a tested kidney remedy.

The proof of merit is here and can be investigated. Profit by Mrs. Davis' statement. Mrs. James M. Davis, 2911 Twenty-seventh avenue, Oakland, says: "I had pain and weakness in my back. My kidneys showed signs of disorder. I was confident the trouble with my back was due to my kidneys being weak. I used three boxes of Doan's Kidney Pills and was freed of these complaints. I have taken Doan's Kidney Pills on a few occasions since and always with great relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Davis had. Foster-McIlburn Co., Props., Buffalo, N. Y.—Advertisement.

Lessees Win Point in Prohibition Law

SEATTLE, Wash., May 13.—Rentals formerly charged saloons are too high for any other kind of business and lessees which specify that the premises shall be used only for saloon purposes are abrogated by the prohibition law, according to a decision made today by Superior Judge Everett Smith.

The decision was made in favor of Patrick J. Sullivan who asked relief from a lease calling for rental of \$150 a month on property he formerly used for saloon purposes, but in which he now conducts a soft drink parlor. Judge Smith held that \$150 a month was too high rental for a soft drink establishment and that as the property was rented for saloon purposes the lease was abrogated when the law made the use of the premises for such purposes a crime.

Take Iron, Says Doctor, if You Want Plenty of "Stay There" Strength Like an Athlete!

Ordinary Nuxated Iron Will Make Difference, Nervous, Run-down People 200% Stronger in Two Weeks' Time.

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, sweet nuxated iron or narcotic drug, said Dr. Bauer, a well known specialist who has studied widely both in this country and Europe. When a man or woman takes such strength-giving medicine, it only comes from the food you eat. But people often fail to get the strength out of their food because they don't have enough iron in their blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of some other ailment caused by the lack of iron in the blood. This thing may go on for years, while the patient suffers untold agony. If you can't eat, sleep, well, you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two three-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while, double and even triple their

Theater

ORPHEUM

State Director Al Laughlin and Musical Director Felix Rice who have been sent to the Boyle Woolfolk offices in Chicago to stage the big musical comedy production at the Oakland Orpheum this summer are at work with a big company of principals and a dancing beauty chorus, drilling and rehearsing them on the stage of the Auditorium Theater, morning, noon and night, in preparation for the production of "Bright Eyes" at the Orpheum next Sunday. The season is expected to be a brilliant one. There is much interest manifested in the novelty of the plan to combine vaudeville, musical comedy and feature pictures in one big bill.

Patricia Seiffert, the brilliant Viennese prima donna will be the star of the program, heading the vaudeville section of the bill. A fine collection of vaudeville acts will be featured on the program according to the management's announcement.

Senator Cummins Is III; Cancels Dates

PORTLAND, Or., May 18.—Senator Albert B. Cummins of Iowa was stricken today with acute throat trouble and was forced to cancel two speaking engagements which he had made for this evening. At his hotel it was said he had gone to bed early by order of his physician, and it was not known whether he would be able to fill further speaking dates at this time.

Senator Cummins had been touring Oregon and speaking in furtherance of his candidacy for the presidency since last Saturday.

MACDONOUGH

The remarkable cinema theatrical production "Ramona" which was the very successful attraction at the Macdonough last week begins a three-days' return engagement starting with today's matinee.

"Ramona," which was dramatized by W. H. Chase of Los Angeles from the novel written by Helen Hunt Jackson, is an attraction worthy of the noble efforts of the author, whose book was probably the most widely read of any American novel.

Ramona was written only after Mrs. Jackson's exhaustive and scathing indictment of our Indian policy in her book "A Century of Dishonor" had failed to make any serious impression on either the public or the powers at Washington. So into Ramona, whose characters are as real as those of the earlier book, were told, Mrs. Jackson poured out her love for an oppressed race, and the great heart of the nation was stirred. More than four million sales of the matchless romance of Southern California attest the hold that it has taken on the hearts of American readers. This story of Southern California is as popular in Maine as in Florida, on the Canadian prairies of Saskatchewan as in the parishes of Louisiana.

If the conscience of the nation was profoundly stirred in the eighties by Ramona, and if there is quite as great need for it today, as many assert, can we doubt that when the characters of the romantic tragedy are brought before the eyes of the millions as the motion picture can now do, they will find Mrs. Jackson's "divine frenzy" into burning activity again?

There will be but two performances daily, one at 2 in the afternoon and the other at 8 p. m. sharp.

IDORA

With Foresters and Companions from 70 lodges and circles taking part, Sunday promises to be by far the biggest day of the season at Idora Park.

The combined Oakland and San Francisco committees already have sold more than 3000 tickets and expect the total to reach 7000 by Sunday.

Beginning with a parade of the many units of the combined Foresters and their corps in the afternoon the offerings will come thick and fast (all well into the night). A minstrel show to be staged by 40 numbers of one of the big San Francisco lodges will be one of the evening features.

Among the teams which will be seen in action in the afternoon are the Court Oakland and Court Livermore which took first and second prizes at Redwood City recently. At that time Livermore won. The winner this time is to receive a handsome silver trophy, the gift of Grand Chief Ranger of the Foresters of America Judge J. G. Anderson of Woodland.

Two teams of ladies, the official drill team of the grand circle, and the team from California circle, will meet and the knights of the silverwood will give an exhibition. Dances and skating as well as swimming are included on the program.

The committee in charge is made up as follows: Chairman, F. A. Ritter; Patron, Gray; Charles Washburn; Judge, Label, Charles Mitchell, Arthur Bergwald, J. T. Scannell, A. F. Linga, William O'Shaughnessy, G. Schmitz, J. G. Rabell, Joe Lanetta, Frank Zolich and J. G. La Ciergue.

PANTAGES

"September Morn," wonderful musical melodrama, beautiful women, gorgeous scenery, and remarkable comedy, is the headline feature of a bill that has broken all summer records at the Oakland Pantages this week. The remarkable tableau is different from the ordinary tabloid offering for it is the condensed version of the big musical comedy that took New York storm.

Thus, showing in its features of the original production, and the same clever cast that presented them, are seen in this remarkable bit of fun and music. There are also in the play some of the all-star bill this week. The clever Downman Brothers, with their screaming comedy patter, Chabot and Dixon, in an artistic act in which a real Mexican paces sparkling comedy at the same time he plays, and a pretty girl singer; Lowell and Esther Drew, in "At the Drug Store," have a comic handout as original as it is humorous. "The Iron Claw" is more spectacular than any previous episode, and the Clairmont Brothers, John Ward and Harrison Carter, original "Father Kelly" of "The Jewery," present a sketch of gripping interest, some thrills, and a big surprise.

With the change in Oakland's police heads comes Landers Stevens and Georgia Cooper in "The New Chief of Police," a comedy sketch which was written around Chief of Police Peters, by Walter Montague, and has traveled all over the country, the chief's attitude in which a real policeman is depicted by sociologists and criminologists. It is an offering as frank as "Damaged Goods" and teaching a greater lesson.

"The Iron Claw" is a remarkable film in which United States submarines will be used as a stage setting, will be another big feature.

OAKLAND PHOTO

Geraldine Farrar, the noted American picture star, and motion picture star, in "Maria Rosa," a Leskey production released by Paramount, will be the main attraction at the Oakland Photo Theater commencing today and continuing until May 22.

In "Maria Rosa," Miss Farrar will have a part quite different from the role of "Carmen" or Rene Dupree in "Temptation." In this Spanish tragedy Miss Farrar appears as a young Spanish peasant girl, for a contest. One of the youths, Ramon, is of a jealous nature, and not liked by Maria Rosa. The other, Andres, is her favorite. These roles will be played respectively by Pedro de Cordoba and Yvonne Field.

Ramon, through falsehoods, manages to have Andres sentenced to prison. Maria Rosa, believing Andres dead, after much persuasion, finally consents to marry Ramon. On the wedding day Andres returns, and the whole plot is revealed to the heart-broken Maria Rosa, the faithful wife of the two rival lovers.

In conjunction with this feature the Oakland Photo's program includes the emotional "The Law of the Jungle," a "one-man" photo play, the fine company of supporting actors serving best as "feeders" to the dual characters impersonated by Tyrone Power. The unfolding of the plot, the masterly manner in which the two principals, and the most world-tricks of photography employed in the general popular deceptions, makes "John Neddham's Double," a photo play entirely distinctive among moving pictures and entirely alone in its class.

FRANKLIN

Two dramatic feature-films of more than usual merit comprise the program bill at the Franklin. "The Law of the Jungle," a title of one of the films, a Vitaphone production and "Civilization's Child," an Ince-Triangle play, is the other. "The Law of the Jungle" presents a wonderful treatment of a plain domestic theme by a splendid cast of players. It is a story of the intense psychology over seen on the screen. This psychology is built largely around a child.

To take a story which hinges on a misunderstanding between husband and wife, and throw into it enough humanity to make it hold for several weeks is no easy matter. But it has been done here, and the result is a powerful photoplay. Dorothy Kelly, Harry Moray and Little Bobby Connolly are almost beyond criticism in their interpretation of the leading roles. "Civilization's Child," an interesting story by C. Gardner Sullivan, presents William H. Thompson, the veteran character actor, in the role of a ward boss who is responsible for the wrecking of a young Russian girl's life. The story deals with the effects of America's higher civilization on a little "barbarian," so ignorant that she believes only in good and happiness, and relates in pathetic detail the girl's heart-rending experiences in this country.

The latest Matt and Jeff cartoon comedy by Bud Fisher and his music by the orchestra and pipe organ complete the bill which will be shown for the balance of the week.

DILLON AND KING

Dillon & King, Oakland's own comedians who returned to the Macdonough theater for a limited engagement commencing next Sunday, have been selected as their opening attraction New York's latest and most sensational tabloid musical comedy, "The Merry Widow."

The new comedy is described as a cyclonic fun festival garnished with the season's newest song hits, gorgeous costumes, spectacular effects and pleasing novelties. The show is a joyous combination of entertaining features and incorporates all that is desirable in up-to-date musical comedy.

Dillon and King will appear in their laughable creations of "Ko and the Ko" and will have the support of the entire company numbering thirty-five players. The following talented artists will appear in the cast: Hazel Walworth, Rebecca Gardner, Vilma Stech, Jack Wise, the Lyric Quartet, Anita Oakley and twenty additional singing girls.

The costumes, scenery effects, etc., will surpass anything of like nature ever shown in Oakland at popular prices. Two shows will be given nightly with a matinee daily except Friday. The chorus girls' contest will be a regular Friday night feature during the engagement.

Keeps Child From School; Now in Jail

BAKER, Or., May 18.—Because he persisted in keeping his 13-year-old daughter out of school, Frank Schrack was compelled to start to serve ten days in the county jail. Schrack was taken before Justice F. L. Hubbard three weeks ago and convicted and suspended sentence was imposed.

He refused to comply with the order to send his child to school, so he was taken before the justice again and committed.

RANG PIONEER DIES

BUCKEY, Wis., May 18.—Colonel CYRUS W. Fisher, aged 81, and one time superintendent of the mountain division of the United States Pacific, later general superintendent of the Denver & South Park and finally general manager of the Rock Island line west of the Missouri river, died at his home here last night from heart trouble.

BACKACHE, SWELLING OF HANDS AND FEET

Dear Editor:
I appeal to those of your readers who are bothered with backache and who are tired of feeling like a "man" a trial. It is a remedy recently discovered by Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. I suffered from backache, swelling of hands and feet, too frequent exertion from the kidneys and many other symptoms. Was unable to work, but after taking just one box of "Anuric" according to directions, I am again able to perform my daily duties. (Signed) W. R. BRAY.

Note:—Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the Invalids' Hotel and Surgical Institute, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk, for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery," a general tonic made from roots with pure glycerine which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.—Advertisement.

BISURATED MAGNESIA
For sour acid stomachs, gas and fermentation of food. A teaspoonful in a fourth of a glass of hot water usually cures indigestion. Sold by all druggists in either powder or tablet form at 50 cents per bottle.—Advertisement.

SAYS EVANGELICAL SPIRIT GROWING

National Baptist Convention Is
Opened at Minne-
apolis.

MINNEAPOLIS, Minn., May 18.—A growth in the evangelical spirit in churches is reported from nearly every part of the field which the national Baptist convention covers, the Rev. Dr. Thos. J. Vickers, chairman of the commission on evangelism told the convention in his report today. He said that in two states every church within the year has held special meetings and that in other states

the number of churches within two months added the requisite number of converts to meet their first year's quota of the million new disciples.

"From one secretary comes the news," said Dr. Vickers, "that several dead rural churches have been revived, and are now taking their proper place in the work of the kingdom. One state reports the largest number of baptisms, with a single exception, since the Great Awakening of 1857. Several states report more baptisms than in any year of their history, and in one state the number is double that of any preceding year."

TO FORM GROUPS.

"In view of what our experience has taught us during the last twelve months, and in response to suggestions which our state convention secretaries have made as to methods that have been helpful, we offer the following recommendations:

"That we emphasize once more the necessity of securing the largest possible number, in every local church, who will give themselves to personal evangelism; that in every church groups of eight (preferably under the leadership of the

pastor) be formed for prayer and instructions in soul winning; that teams of laymen be organized wherever possible, not only for work in the churches and factories and streets of our cities, but especially for evangelizing the towns, villages and cross-country districts; that, in addition to developing and maintaining the spirit of evangelism throughout the year, every church be urged to hold at least a two weeks' series of meetings, for the sole purpose of winning the lost to Christ;

"That we favor 'cooperative evangelism,' which several states have successfully presented, the state secretary or superintendent, or evangelistic committee obtaining the names of pastors and laymen who are willing to give specified time to evangelistic meetings;

SAFEGUARD EVANGELISM.

"That we seek to safeguard same, helpful evangelism among our churches by requesting our state boards to enroll and publish the names of all creditable evangelists who expect to work within the state, and to warn the churches against such others as refuse to be enrolled;

"That we enthusiastically commend the plan of our Home Mission Society, in grouping our states under three great divisions—a western, central and eastern, each division to have a superintendent of evangelism, with an evangelistic committee to assist him; that as soon as it is practicable we reorganize our commission, so as to secure a closer and more effective cooperation of our forces."

IRISH RIOT PLAN KNOWN TO BRITISH

LONDON, May 18.—Jeremiah Lynch of New York has been tried by court martial and convicted in London on a charge of participating in the Irish rebellion. The sentence was to be promulgated today but no word has been received by the American Embassy here as to what sentence was imposed.

LONDON, May 18.—Lieutenant Colonel Nathan, under-secretary for Ireland, a witness today before the royal investigation commission probing the Irish riots, testified that the British government knew days before the revolt that Irish leaders planned an open rebellion. The conspirators were not alarmed, he said, for fear such action would cause greater bloodshed.

Irish leaders were informed, according to Nathan, that the Germans would cooperate with the revolt by launching a combined sea, air and land offensive against the British. The constabulary was warned and patrolled the Irish coast night and day to prevent landing of German arms. Failure of the rebel plans and the capture of Sir Roger Casement resulted from these precautions, Nathan said.

He estimated the number of Irish rebels at 15,000 including 3000 in Dublin. They had 185 rifles and were counting on having 20,000 more rifles and 1,000,000 rounds of ammunition landed by the German auxiliary, which was sunk. Irish sympathizers in the United States contributed largely to buy the rebels' arms and spread their literature, Nathan charged.

Casement to Be Tried Next Month

LONDON, May 18.—Sir Roger Casement will go on trial for his life early next month, according to arrangements today. Following his preliminary hearing on a charge of high treason in connection with the Irish revolt, Sir Roger has returned to his cell in the Tower of London. The Crown may place Daniel Bailey, Irish soldier, on trial at the same time but this has not been definitely decided yet. Bailey is likely to receive clemency owing to his exposure of the treason plot.

Premier Asquith's plans for a reorganization of the Irish administration have not been revealed. His efforts at conciliation pleased all. The premier went to Cork today.

DUBLIN, May 18.—Premier Asquith has reached the conclusion from impressions gathered during his Irish visit that the old form of government in Ireland has had its day. The Associated Press learns from sources in closest touch with the premier that Asquith's conversations and conferences have convinced him that the future government must be conducted on an entirely different system.

The Prime Minister has taken care to learn the ideas and views of many persons other than those in purely official circles, and these persons have offered greatly varied suggestions. None of these, it is believed, could be adopted in its entirety, but it is the thought they might be welded together to form a proposal to lay before the Cabinet. The premier himself does not know what form his proposal eventually will take, and, in fact, it will probably be fully developed only at the Cabinet meeting.

Officials Transferred by Southern Pacific

Following the promotion of D. A. Campbell, assistant superintendent of the western division of the Southern Pacific at Oakland pier, who has been appointed assistant superintendent of the Salt Lake division, D. W. Campbell, assistant general manager, today announced the following transfers: J. W. Fitzgerald comes to Oakland to be assistant superintendent of the western division, leaving the Shasta division. G. V. Gillette, trainmaster of the Shasta division, succeeds Fitzgerald, and W. B. Kirkland, who has been chief train dispatcher in that division, becomes trainmaster. C. G. Heath has been appointed chief train dispatcher of the Shasta division.

Rogers Divorce Case Goes to San Francisco

SAN FRANCISCO, May 17.—The divorce action of Margaret A. Rogers of San Jose against William J. Rogers, millionaire lumberman and merchant, was transferred to San Francisco today, the original complaint being filed here. In her suit Mrs. Rogers charges her spouse with paying attention to five other women, one of whom is Dr. Mollie Feely. Both Rogers and Dr. Feely have denied the accusation.

Railroad Men to Enjoy Niles Picnic

The second annual picnic of the five railroad organizations in the service of the Southern Pacific company will be held Sunday in Niles canyon. The day's program will consist of races, dancing, tug-of-war and several minor sports. The picnic will be modeled after the one given in May, 1915. Trains are to leave First street and Broadway at 9:40 and 9:10 a. m.

TODAY'S BEAUTY HELP

You can keep your hair at its very best by washing it with this simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff and dirt and leaves a pleasant, wholesome feeling. Just use a teaspoonful of canthox dissolved in a cup of hot water, afterwards rinsing thoroughly with clean water. One finds that the hair dries quickly and evenly, is unstreaked, bright, soft and fluffy, so fluffy in fact that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. All scalp irritation will disappear and the hair will be brighter than ever before.—Advertisement.

Suzette Greenwood Is Betrothed U. C. Graduate Wins Society Belle

MISS SUZETTE GREENWOOD, WHOSE ENGAGEMENT WAS ANNOUNCED TO HER FRIENDS THIS MORNING.

Her Fiance, Herbert E. Hall, Is Son of Prominent San Francisco Lawyer

Latest of engagements to be announced, and one of exceptional interest to local society on account of the prominence of both families, is that of Miss Suzette Greenwood, the daughter of Mr. and Mrs. George W. Greenwood, to Herbert E. Hall, the son of Frederick W. Hall of Piedmont. The news, which is not entirely a surprise to the younger folk of Oakland, was made known by cards received this morning by several hundred friends.

Miss Greenwood, who is very young, blonde and exquisitely pretty, is one of the most popular of east bay belles. She is a graduate of Miss Ransom's School in Piedmont, and was one of the best scholars of her class as well as one of the most gifted in an artistic direction. During the last season the Greenwoods have been hosts at a number of large affairs, and only a few days ago Mrs. Greenwood and her daughter sent out cards for a large reception at which it had been thought until today the engagement might be announced.

Petersen to Go East to Police Convention

The Chief of Police as the Goat for the "Sins of Society" will be the subject of an address to be delivered by Chief of Police W. J. Petersen before the National Association of Chiefs of Police at the annual convention to be held in June in Newark, N. J.

Schmitz Home Is Bid in at Auction

SAN FRANCISCO, May 18.—The Pacific Heights home of former Mayor Eugene Schmitz was bid in at public auction in front of the city hall for \$2500 above the court liabilities by W. B. Waldron, holder of a \$4000 deed of trust. Waldron assumes the \$12,000 mortgage of the German bank. The only other bidder was Attorney J. W. Marshall, who offered \$2000. The claim of the heirs of the late Judge Charles F. Hall, who held Schmitz's note for \$4000 for attorney fees, was not considered, as no lien had been placed on the property.

Judgment Awarded Over Long Distance

Over a long distance and without producing a single witness, Attorneys Osterman, Clark & Co. have been awarded judgment in full by a jury in the District Court at Des Moines, Iowa, in the suit brought by J. J. C. Matheson of Hayward and Oakland to collect \$1250 and interest on an accident insurance policy from the Iowa State Traveling Men's Association of which he was a member. A deposition of the plaintiff was forwarded by the attorneys and presented in court. The jury rendered the verdict after being out four hours.

Herbert Hall is one of this Commencement's graduates from the University of California, where he was affiliated with a number of Greek, letter and honor societies, including the Beta Theta Pi, the Phi Alpha Delta law fraternity, the English Club and the Winged Helmet. Though a student in the law course, he showed also a literary turn, and after managing several of the college productions, notably that of "Julius Caesar," wrote the junior farce, "It Happened in Potteryville."

The Hall family is extremely well known on either side of the bay. Frederick W. Hall, who is one of the leading attorneys across the bay, is one of the most prominent members of the Bohemian Club and was a few years ago its president. Mrs. Frederick Hall, who died 15 years ago, was at Miss Ransom's of Washington, D. C., and through her is her son connected with an interesting old family of that city.

Husband and Wife Both in Bankruptcy

SAN FRANCISCO, May 18.—The unusual procedure of a husband and a wife filing separate petitions in bankruptcy at the same time occurred in the Federal Court today. Thomas F. Ashley, a pharmacist here and formerly of Yuba City, and his wife, Anita L. Ashley, a trained nurse, are the petitioners. Ashley's liabilities are given as \$24,226 and his assets \$1494. Mrs. Ashley gives her liabilities as \$21,619 with assets of \$10,050.

U. S. Inspectors Are Looking for Witnesses

SAN FRANCISCO, May 18.—Captain James Guthrie and Joseph Dolan, inspector of hulls and boilers, have been unable so far to locate the three remaining witnesses whom they desire to question in regard to the wreck of the steamer Roanoke last week. Thus far no summons has been served on them and Captain Guthrie said that he was not at all sure that there would be any further hearing today.

Community Property Laws Discussed

The subject of community property laws in their relation to the married women of California was presented this afternoon to the Women's Railway Mail Association by Mrs. E. H. Montgomery at a meeting held at 3005 Lincoln avenue. Mrs. E. J. Elliot, the president, presided. The association is an organization with members on both sides of the bay, which meets monthly in some one of the bay cities.

CADILLAC CAR AGAIN SETS RECORD

Smashes Los Angeles-to-San Francisco Record by 1 Hr. 10 Min.

Fastest Time Ever Made Between Two Cities

By EDMUND CRINNION.

Ecclipsing all previous road records between Los Angeles and San Francisco and lowering the best previous time made by the remarkable margin of one hour and ten minutes, a Cadillac eight rolled into San Francisco this morning with "Teddy" (T. J.) Beaudet at the wheel and was checked in at Market and Guerrero streets by representatives of the San Francisco press

just exactly nine hours and thirty-seven minutes after he had left the Elysian Park bridge in Los Angeles, where he was checked out by representatives of the Los Angeles news papers.

Beaudet drove his Cadillac eight over the valley road a distance of 457 miles in the nine hours and thirty-seven minutes flat. His time is not only the fastest ever recorded for man to travel between the two cities, but is also faster than that made by a homing pigeon, which flew the distance in ten hours and five minutes. The record is official and the time is vouchered for by the newspaper men at both ends of the strenuous run.

Checking the car in at San Francisco were Leon J. Pinkson of the Chronicle and Stuart Gayness of the Examiner. Checking the car out of Los Angeles were Al Waddell of the Times and Charlie Brannaman of the Examiner. Beaudet carried with him three passengers. The Cadillac eight used was a regular stock car and carried the regular stock equipment with the exception of the top and top half of the windshield.

Beaudet met with the usual number of delays that always surround a record smashing trip of this character. From Manteca and in the passes through the Livermore hills he ran into a blinding rainstorm that not only rendered the driving dangerous on account of the slippery condition of the state highways in that territory, but also prevented Beaudet from using his goggles; the rainstorm was with him for 147 miles. The trip was made over the valley road via the new Ridge route and Teton Pass.

The remarkable time made by Beaudet shows the wonderful development made over the state highways in Cali-

fornia that makes such going possible. This record just established lowers the time made by the fastest trains between Los Angeles and San Francisco, which is the "Lark," by four and one-half hours, the time of the "Lark" being fourteen hours flat. This record lowers the time made by Beaudet in a Cadillac last summer by two hours and thirty-three minutes. His record last summer, which was considered at the time as one of the most sensational motor car records of the age, was twelve hours and ten minutes over the same road. This record was recently lowered by another car to ten hours and forty-seven minutes, which record was again lowered by the Cadillac this morning.

Beaudet stated this morning that he made the entire run without the least hint of tire or mechanical trouble, although he carried two spare wheels and tires in the car to be prepared for any emergencies that might possibly arise. The average time figures for the distance slightly in excess of forty-eight and seven-tenths miles per hour from the time the Cadillac was checked out of Los Angeles until the time it was checked in at San Francisco over all of the road conditions that surround this intercity trip of 457 miles. Beaudet's only stop was in Fresno, where he took on gasoline.

Manager W. L. Webster of the Oakland Don Lee branch is enthusiastic over the showing made by the Cadillac eight and stated that the run proves the wonderful development of the modern motor car and the excellent condition of the state highway system. Outside of its advertising value for the Cadillac car he stated that in the east this time record will prove a big advertisement for the California

Suspected Auto Thief Also Alleged Forger

George Davis, who was captured yesterday after a long chase through the streets, when he tried to drive away with an automobile which did not belong to him, has been identified as L. R. Raymond, said to be wanted in Ellensburg, Wash., on a charge of forgery.

This is not the first time Davis, alias Raymond, has been guilty of taking automobiles without the permission of the owner, according to the police. He is said to have stolen an automobile in Lewiston, Idaho, and, with his wife, to have driven the machine to San Francisco. He is also said to have stolen an automobile in Seattle and to have driven it to Portland.

Extradition will be sought to take Davis to Washington to stand trial on the forgery charge of having signed the name of G. P. McCloud to a check for \$22.50, which he passed on V. H. Rose.

OLD TRICK WORKS.

SAN FRANCISCO, May 18.—Jas. F. Masterson, of 712 Stewart street, Berkeley, had his pocket picked of a gold watch and \$7 this morning while breakfasting in a cafe at 630 Kearny street. He complained to Patrolman Sweeney who took the proprietor and two patrons to the central station but as Masterson was not sure who had robbed him no arrests were made.

STANFORD CREW SHY OF FUNDS

Stanford's varsity crew, which defeated California on Oakland estuary a few weeks ago, probably will not go to Poughkeepsie this year to participate in the big eastern intercollegiate regatta. This was the belief among students to-

day when it was learned that less than half of the \$2600 required for the trip had been collected. Inasmuch as the crew would have to leave here June 2 in order to reach Foughkeapsa in time to get practice, it is feared that the required funds will not be raised.

Coach Guerena is doing everything in his power to get the money needed to finance the trip, as he believes this year's crew is the greatest Stanford has ever turned out.

McCOURT BEATS ELLIS FOR BILLIARD TITLE

PITTSBURGH, Pa., May 18. — Charles McCourt of Pittsburgh won the three-cushion billiard championship of the world here last night by defeating Chas. Ellis of Chicago, in the final block of the series, the total being 150 to 149. The match was a night game.

McCourt and Ellis 57 in 78 innings. Ellis won the title from Alfred de Oro in Philadelphia three months ago.

THURSDAY, MAY 18, 1916.

THE PEOPLE'S VIEWS NOT WANTED.

When President Wilson gets confidential and talks "directly and frankly" to his auditors, for publication, regarding generalities one is almost rudely reminded of the different temper of the man when he is addressing himself to some purpose in which he is deeply and personally concerned. Let us take, for the purpose of illustration, his confidential talk with the newspaper correspondents in Washington a few evenings back. He said:

"The people of the United States are not asking anybody's leave to do their own thinking, and are not asking anybody to tip them off what they ought to think. They are thinking for themselves, every man for himself; and you do not know, and the worst of it is, since the responsibility is mine, I do not know what they are thinking about. I have the most imperfect means of finding out, and yet I have got to act as if I knew."

Now, the President's statement that he has the most imperfect means of finding out what the people of the country are thinking will be somewhat of a surprise to many. Means of finding out what all the people are thinking on any given public question are admittedly not perfect, but in so far as the great majority of national sentiment on a question is ascertainable, and on many vital matters it is unmistakably recorded, they are not "most imperfect."

In the matter of reasonable, rational national defense, for example, it is apparent to the dullest and most short-sighted that national thought is overwhelmingly in favor of defense. The trouble with Mr. Wilson is that he does not care what the people think if they fail to agree with his thoughts, and his ruthless disregard for popular thought if it moves in ways contrary to his set program. With such a disposition he does not want perfect means of finding out what the people think. He does not want any means whatsoever.

His indifference to the sentiment for preparedness is proof of this condition of his mind. His record in regard to Mexico is another bit of evidence of absolute dependence upon his own views. For two and a half years the press and public-spirited individuals of the nation continually and consistently recorded their opinions that the Mexican policy was certain to lead to trouble and intervention. Then Mr. Wilson publicly stated that he had learned about conditions with regard to Mexico by hearing a lot of liars talk about them. The presence of the punitive expedition below the Rio Grande is proof indisputable that his voluntary, unselfish informers were merely telling the truth and that he wantonly classified them as liars because the truth did not suit his purpose.

A short while ago five honored and distinguished American citizens—William H. Taft, Simeon E. Baldwin, Francis Rawle, Joseph H. Choate, Elihu Root and Morefield Storey—went on record as saying they did not consider a certain nominee of Mr. Wilson's a fit person to fill the office for which he had been suggested. Mr. Wilson's public comments upon this advice—thoughts of the people—were to the effect that it proceeded from motives to promote the selfish interests of the thinkers.

The whole record of Mr. Wilson's administration of the Presidency leads us regretfully to the conclusion that it makes little difference to him what the nation thinks about public policies and acts. He has drawn himself farther away from the people than any other man who has filled the high office, a circumstance of which the Democratic Congress and Democratic leaders will testify.

NOT A SOLDIER FOR DEFENSE.

"With not an American soldier on the Atlantic Coast from Maine to Fortress Monroe, today they are taking the coast artillery—and the Pacific Coast is in the same condition—all to take care of the little trouble in Mexico."

Thus spoke the Hon. Henry Cabot Lodge of Massachusetts on the floor of the Senate yesterday, in discussing the conference report on the army bill. It is the truth. Yet the House refused to agree to the Senate plan for a regular army of 250,000 and its conferees would accept only a provision for 160,000.

With all of our mobile army employed in police-

ing the Mexican frontier, what would we do if an insurrection should break out in the Philippines, or a revolution in Cuba would require an armed expedition to restore order? What would we do if called upon to defend ourselves against other foreign menaces, the nature of which it would be profitable to suggest?

And Senator Lodge continued: "It seems to me actually incredible that either branch of Congress should be willing to put \$20,000,000 in a nitrate plant at Muscle Shoals or other place and not be willing to give the country soldiers enough for its immediate defense against troubles so trivial as confront us on the border."

Senator Newland's suggestion that the Senate refuse to accept the conference report should have been adopted, but it wasn't. An army of 250,000 is adequate only for normal peace requirements. The little-army Democrats and the disciples of Chautauqua propaganda in the House never had any intention of giving the nation an increase in defense if they could help it. Let them change their ways or shoulder the responsibility for defenselessness. Patriotic members of Congress should not have compromised with scuttlers and spoils seekers.

CHINA'S REVOLUTION.

If the reports received by the State Department at Washington to the effect that President Yuan Shih-kai of China is to be unseated and a new government, of a strictly modern republican variety, established in Peking, should be borne out by subsequent events China is about again to pass into a critical period of her history. And whatever the ultimate outcome of the revolution against the established government, it will always be a lamentable fact that foreign political intrigue brought it about.

Yuan Shih-kai is the most forceful and able man China has developed in the last three generations. He is patriotic and always has placed the welfare of his country above every other consideration. The charges of the revolutionaries that he "sold out" to Japan are utterly false; his whole public record has been one of unalterable opposition to Japanese schemes—from the time he served as a lieutenant of Chinese troops in Korea to the difficulties brought upon his government by the now notorious group of Japanese demands submitted after the capture of the German settlement of Tsingtau.

Yuan's conduct of the government since he assumed power after the revolution of 1911 has been marked by conspicuous ability and understanding of modern conditions. He adjusted with wisdom and general satisfaction the disorderly affairs of state left by the Manchu government and performed the seemingly impossible feat of keeping up all payments on China's foreign debt, in the midst of dissension at home.

If the European war had not broken out Yuan Shih-kai would have made his position secure. But the entente alliance brought Japan, Russia, England and France into accord on more important questions and resulted in Japan and Russia being given free reign to further their studied campaign of encroachment upon China. They have promoted internal revolution in order to get Yuan's opposition to their plans out of the way. If the Southern Chinese were able to see beyond their petty provincial interests they would cooperate with the Yuan government and present a solid front to foreign schemers. China never so needed to be united as in the present world crisis. Yet it is the Chinese way to be disunited when unity is imperative for her best interests.

RESPONSIBILITY IN EDUCATION.

University of California exceeded all its past graduation records yesterday when it awarded diplomas to 1080 young men and women. After all the stereotyped things are said about these graduates now going out into the world to take up the active and independent period of their lives, there is the thought of the influence these thousand university men and women will have upon the citizenship of their country.

In point of enrollment the State University ranks with the three or four largest educational institutions in the country. With regard to the number of its graduates who have their homes and leave college to pursue life occupations in the State of their alma mater it ranks first. Ninety percent of the graduates each year return to their California homes and become a part of the active citizenship of the State. The alumni of our two great universities, California and Stanford, is growing at a rapid rate. It now numbers several thousand and is a body of ever increasing influence.

Equipping men and women for personal and civic service in such large numbers as is being done at the State university carries with it heavy responsibilities. Nothing should be omitted to turn out in each individual case a straight-thinking, patriotic citizen, with healthy American ideals ineradicably grounded into his system. The University of California has done well in this respect, has gone farther than many other colleges, and upon such a foundation will rest its enduring fame.

Great Britain's sensations over tragedies of the war are somewhat mixed. For instance there were the executions of Connolly and the other Dublin revolutionists; of Edith Cavell and the Louvain students. Henceforth we are not likely to hear much of these episodes, from Eng-

NOTES and COMMENT

Congressman Baker's bill to establish the " Lassen Volcanic National Park " has been reported favorably. No objection manifests itself, even to the name.

Chas. Maclewy of Martinez has applied to the Superior Court for relief from his name. He wants it changed to Mitchell. It certainly has the appearance of a handicap.

Here's a new thing—the conviction of a man for misrepresentation in advertising goods in connection with a bargain sale. The offense classes with fraudulent scales and measures, and the law regarding all these things seems to be salutary.

Fiduciary item from the Chico Enterprise: "What's the idea of seating a Chico banker alongside of a Sacramento banker? Chico bankers are not open to conviction that 3 1/2 per cent is enough to pay on savings deposits."

The announcement the president protom of the Senate will be the acting governor of California while Johnson is away in Chicago next month participating in the last rites indicates that the appointment of a lieutenant-governor is not an imminent intent.

The Salinas Index is of the opinion that "never since the dark days of the early sixties when the nation was war-torn has there been such need of a strong, intelligent administration and congress in Washington." The Index has an abiding faith that this need is about to be supplied.

The Bakersfield Californian observes that the Roosevelt Non-Partisan League tries to prove in its pages (at \$5000 a page) of advertisements in the Saturday Evening Post that the Colonel is the only man who can keep us out of war. Yet according to his own statement he would have been fighting the German pirates as soon as the Lusitania was sunk."

There is always "copy" on the hook in the Grass Valley Union office. At least this is to be inferred from the following: "When nothing else of general interest is occurring throughout the world, there is always the hen that lays more than three hundred eggs a year, and the Jersey or Holstein cow that breaks all milk and butter records."

The Tulare Advance scratches its head in perplexity thus: "Some of our Progressive exchanges are finding it hard to explain how it is that the Roosevelt Non-Partisan League can afford four solid pages of advertising at one crack, in the most expensive medium in the country. Some of them say this isn't the first advertisement either, which makes it even harder to explain."

This comprehensive news item is taken from the Gold Hill (Oregon) News: "Amy Koester, the News representative and writer of the above items visited this office with her mother Thursday and we enjoyed their call very much in spite of her reluctance, caused by a combined earache and toothache. From here she went to interview the doctor and later departed for Rogue River to attend the Glee Club concert and visit Roeben Koester, her brother."

SPIRIT OF THE STATE PRESS

The Pacific Gas and Electric Company is to be commended for the adoption of a pension system. This does not bear out the fallacy that capital and labor are "mad at each other."—San Leandro Reporter.

Beans are on the jump. Of a sudden a demand has come for the small whites and pinks and the prices have risen 50 cents the hundred in a few days, and while limas have not responded quickly, it is anticipated that they will.—Ventura Free Press.

San Bernardino people are perturbed at the report from Los Angeles that a wholesale county division scheme is being hatched. The suggestion is the carving of the three counties of Los Angeles, San Bernardino and Santa Ana into five counties, to be designated as above, with the addition of Pomona and Antelope.—Riverside Press.

One of the motor rules which will be strictly enforced in the Yosemite Valley this season will be that demanding that a car carry two extra caskets in good condition when entering the valley.—Bakersfield Californian.

UNPREPAREDNESS ON BORDER.

George Marvin, writing in the World's Work for May, gives a clear picture of the military situation along the Mexican border both before and after the Columbus raid. He says:

"The 15,000 men on the border, horse, foot and guns, were not disposed as an army should have been; they were organized and distributed as a constabulary, and as constabulary they were doing their work well. But their presence along the boundary was far more of a reassurance to their own nationals than it was a deterrent to Mexican crime. So might the presence of policemen forbidden to leave their beats operate on the security and the criminality of cities. They had no mobile transportation, no supplies for a campaign, no reconnaissance, no organized, legalized secret service. They were forbidden either individually or in units to cross the line; they could not even fire across it without orders. All these long three years and a half they have been squatting in their trenches or sitting in their saddles watching the rows going on beyond the border. Now and then a stray or a malicious bullet came across and got one of them; now and then unpaid and hungry Mexican "soldiers," foraging on American soil, surreptitiously picked off patrols."

VACATION CAMPERS TAKE NOTICE

FOREIGN PROPAGANDA

Local Japanese Newspaper Discusses the Different Campaigns and Takes Care to Put Japan in a Virtuous Light

Since the outbreak of the European war America has become a favorite rendezvous of foreign propagandists. Everybody knows that Germany has been conducting a vigorous campaign for the purpose of maintaining peaceful relations with this country and of creating ill-feeling towards England, and incidentally towards Japan. There is also a British and French campaign, though its methods seem to be subtler and less obtrusive than that of Germany.

Then there is a Chinese propaganda and a Japanese propaganda. The last-named two are the campaigns in which we are here particularly interested. Judging from the methods employed on both sides, there is obviously a wide difference in the Chinese propaganda and the Japanese. The Japanese propaganda is instituted for the sole purpose of maintaining and promoting peace and friendship between this country and the Mikado's empire. The Chinese propaganda is being conducted for the purpose of creating hostility between America and Japan.

It was about four years ago that Professor Jeremiah W. Jenks of the University of New York established in New York City a publicity bureau called the Far Eastern Bureau, financed by the Chinese government, or more accurately the Yuan Shih-kai administration.

Besides the Far Eastern Bureau there are obviously a number of propagandists for China. Mr. George Thompson Rea is the most prominent of these propagandists. We do not say that all of these men are employed by the Chinese government. Perhaps some of them have no connection with the Chinese government. That is immaterial. The important fact is that these propagandists are acting upon the conception—to us a mistaken idea—that the estrangement of Japan and the United States is conducive to the creation of sympathy among Americans for China. They seem to think that in order to arouse American sympathy for China they must destroy the friendship which the Americans now entertain towards Japan. To attain this end they have been painting Japan in the blackest colors. They have been doing out every fault and defect about Japanese civilization. They have been striving might and main to create a bogey of the Japanese invasion of California and Japan's sinister designs upon Mexico and South America. They have injected the immigration question and the California anti-alien land law controversy into the China-Japanese situation, and have been arguing that Japan's ambition is not only to dominate China but to force emigration upon the United States.

Fourthly, they want to convince the American people that they have no intention to force emigration upon the United States. Secondly, they want to assure America that Japan has no intention to encroach upon the Monroe Doctrine.

Thirdly, they want the American authorities, Federal, State or municipal, to accord the Japanese residents here the fair and just treatment that is accorded other nationals.

Fourthly, as the corollary of the foregoing, they want to see citizenship extended to the Japanese.

Fifthly, they want to prove that American interests in China will not be injured by the extension of Japanese influence in that country.

Underlying it all is the intense desire of the Japanese to preserve amicable relations with the United States. In a word, Japan's propaganda in America is a propaganda of peace and friendship. This is the vital point which all Americans must remember.—San Francisco Japanese-American News.

ACCUSE U. S. DEPARTMENT OF AGRICULTURE OF SWINDLE.

A pretty row in regard to the King road drag is described in Farm and Fireside, the farm paper published in Springfield, Ohio. It has to do with a road drag alleged to have been invented by D. Ward King of Maitland, Missouri, and appropriated by the Federal Department.

King split a log in two and made a drag of it for work on dirt roads, we are told. It cost from fifty cents to three dollars and is revolutionized the method of working that type of road. If King could have patented it and collected royalties his fortune would have been made.

Then the Department of Agriculture discovered King and his drag. A bulletin was prepared which told how to build and work the drag and what a good thing it was.

Then the highbrows of the office of public roads in the federal department got hold of the thing. They seem to have been peeved over the simplicity of the drag. There was nothing to hang any long words or technical phraseology on.

"But by dint of highbrowing the drag up to \$15 or \$20, giving elaborate drawings and sealing a man to death over the complexity and expense of it, the office of roads managed to provide itself with an excuse for ousting the name of King, and labelling the contraption as a department device. The friends of King rose up in protest. They charge that the department stole King's idea, and then distorted it out of all chances to retain its popularity; tried to make it so expensive that people would avoid it; and, further, told things about it and its work that were positively untrue and unjust.

"Here is a case of department highbrowing that really seems to require attention. In the first place, the department people practically stole the idea and theory of the drag from Mr. King without giving him credit. In the second place, they undertook to convince the public that an expensive method of construction was necessary in order to build the drag. In the third place, they alleged that the drag would not do the particular things that it is particularly intended to do and does do.

"The Missouri Board of Agriculture has taken the matter up. A spy correspondence has taken place."

SENDS LOVE
QUERY BORN
IN TRAGEDYWoman Voices Question
Old and Sad for
AnswerWrites Tribune a Most
Remarkable Letter
of Grief

By ADDISON SCHUSTER.

"When love fails, and one is middle aged, what is a woman to do?" This question, written out of the human necessity for sharing sorrow with others, came today from somewhere in Oakland to The TRIBUNE. It is a problem of love-ending widely existent and one without the glamour of young romance. Perhaps in its hopelessness it is the saddest love story of them all.

When one, in middle life, finds that her lover is no longer, that her belief has been misplaced, and that all that is left are the ruins of pride and a broken life, what is there to do? The maiden who weeps out her eyes for the faithless swain in a beloved character of fiction and fact. To her is given sympathy as ready and understanding as complete that the edge of grief is turned. Are there any in Oakland who write this woman, as I sign myself M. A. M., who can understand an every day story about which no poets sing?

THE LETTER.

Here is the problem and the letter: "When love fails and one is middle aged, what is a woman to do? I have loved and waited for many years, believing in the man with all my heart, only to learn that he now finds opportunity in a misunderstanding to quarrel. Of course I don't want him back, not when he doesn't care any more. I don't want him to have any pride enough not to want to force him to tell me. "But what am I to do with this empty broken life of mine? I am too old to change. I wonder what I would do if I had been married and had had him to go with me. I wonder if I would have gone on living with him as so many women do with husbands whose love is dead.

"If I had been entirely dependent upon him for a roof and food, instead of self-supporting as I am, would it have made a difference in my pride?"

USED TO SCOFF.

"I used to scoff at love-sick girls who committed suicide. I scoff no more. Dying quickly can't be worse than this. But, you see, I must live. I still have my burden. I must be smiling and pleasant and do my work.

"Now when I look at others I wonder what they are hiding. Perhaps it is better that I must hide my feelings. I envy those who give way to grief, for those who can openly weep for what everybody recognizes as a legitimate cause of grief. Sorrow expressed shortens grief.

"Now that somebody else knows my trouble may be lightened."

"That is the story, a soliloquy of pain that is literature because it was meant to be literature. Stress of circumstances have brought from this one woman in one impulsive letter emotions pent up for how long? In how many other hearts is her problem?"

In the degree that others share an understanding of her grief, will sympathy be forthcoming? Are there any who can answer her question? Has she written, out of the unknown, in vain?"

Society will gather tomorrow night at the Hotel Oakland for an informal card party and ball, to be given in aid of the Children's Day Home. The affair will be marked by a number of novel features, including a unique musical program and several exhibitions of new dances. The affair will be under the direction of a number of Oakland society women interested in the work of the Day Home, which, at the present time, is in need of funds to carry on its work during the coming year.

The Day Home cares for many children whose parents are forced to work, and is one of the most important of the various children's institutions in the city. The affair tomorrow night will take place in the ballroom of the hotel and among the patronesses will be Mr. and Mrs. E. J. Hancock, Mr. and Mrs. Elmer Dyer and others.

IS EXILED
FROM COURT
OF NICHOLASWar Keeps Alameda
Woman From Place
in RussiaRelative of Czar Says
Grand Duke Is a
Fiend

ALAMEDA, May 18.—Claiming kinship with the czar and czarina of Russia and with Emperor Wilhelm of Germany, Madame V. E. Arnesen is in Alameda, awaiting the close of the conflict in Europe before returning to Russia. Her story sounds like a real old-world romance, couched with the added romance built upon extensive traveling in America and public appearances as a pianist in practically all of the chief cities of the world.

Mme. Arnesen says she was formerly the pianist of the Imperial court of St. Petersburg and the piano instructor of the children of the czar and czarina. She declares that she is a first cousin of the czarina, a first cousin of the German emperor and a second cousin of the czar. "The czarina's mother and mine were full sisters," says Mme. Arnesen. Continuing her narrative Mme. Arnesen says:

"I have been connected with the court of St. Petersburg since 1881. I am now retired on a pension and am in America on two years' leave of absence. I would have returned to Europe before this but the war broke out. My husband, Dr. Victor Arnesen, went from America to Europe to serve as a surgeon. He is serving without pay with the German armies and is now at Magdeburg."

"I have been a pianist all my life. When a nineteen-year-old girl I played on April 26, 1879, before Pope Leo XIII and 400 priests and church dignitaries, in St. Peter's cathedral at Rome. "With me were two world-famous artists, Mme. Theresa Carreno, the Spanish pianist, and Antonin Dvorak, the Polish organist. There was a chorus of 2000 voices. Mme. Carreno is now the wife of Alibert of New York, the greatest Beethoven pianist in the world, even greater than De Paschmann. My last public appearance was with the New York and Brooklyn Philharmonic society at the world's fair in Chicago when I played under the direction of the late Theodore Thomas."

"I have played in every city in the world, practically, and before every court in Europe. I have appeared under the direction of Henry E. Abbey and Colonel Mapleson and other great musicians."

"My first husband was the court physician in St. Petersburg, Dolputent. I was born in St. Petersburg, my mother dying at my birth. She was the full-blooded sister of Princess Alice, the mother of the czarina. The Princess Alice is now in Germany as she is from the German ruling family. Twelve years ago I married Dr. Arnesen in Los Angeles and we lived, and still have a home, at Pasadena. My husband is serving gratis as a surgeon for the advancement of his learning and profession and for the sake of humanity. Dr. Arnesen is a Norwegian."

"I am trying to occupy myself with giving music instruction because otherwise I would have nothing to do and I don't want to sit any time away. It would be silly for me to express an opinion on the war in Europe. My opinion would not count or do any good."

Auto Hits Gravel Truck;
Three Women Hurt

LOS ANGELES, May 18.—Three women were injured seriously but not fatally, when an auto bus, driven by Bert Bodino of Sunland, collided with a gravel truck here today.

The auto bus was overturned and the women and driver pinned beneath it. Those injured were:

MRS. E. K. AUSTIN, 56, Lynwood, crushed about the body and head; right hand crushed.

MRS. B. A. BATES, Sunland, concussion of the brain and serious cuts and bruises.

MRS. A. KIRCHNER, 35, Roscoe, Cal., right wrist dislocated and many bruises.

The driver escaped injury.

I don't like him—it's a private matter. Every dog has his day and the grand duke has his. He is a natural soldier and has been a great military leader, but he is a wicked, black-hearted man. He is, of very elegant personality—from a distance.

"There never was a plainer man than the czar of Russia. I have seen his sides shake with laughter as he mused from American newspapers the most absurd statements regarding Russia and the Russian government. As he laughed he would say 'Well, if it amuses the Americans to say and write these things, it's all right.'"

"The czar is a plain, sane man, but he seldom is able to get at the real truth of things. On each birthday of both the czarina and the czar the czar pardons many prisoners exiled in Siberia. This is done as a personal compliment to the czarina from her imperial husband."

"Siberia is not the black waste one might think. It is a wonderful country, rich and well settled. The greatest salt mines in the world are there. In America, free men are shut down in the mines to work. In Russia it is the prisoners who have to do this work. There are great cities in Siberia. I know, for I have appeared in them. There are a good many Americans in Siberia and they know what sort of a country it is. This cities are modern, more modern than Moscow, with great up-to-date buildings."

STOLEN RIDE
IN AUTO MAY
CAUSE DEATHUniversity Farm Car
Turns Over in Col-
lisionStudent and Two Girl
Companions Are
Injured

DAVIS, May 18.—Disaster attended a spin in a borrowed automobile on the state highway near here late yesterday afternoon, as the result of which Carlton W. Hermann, a student at the university farm school, Miss Helen Clancy and Miss Leona Lillard were all seriously injured. The machine in which they were riding turned turtle when it crashed into another car standing empty by the roadside.

Hermann and Miss Lillard were thrown clear of the car, but Miss Clancy was pinned underneath it. Hermann suffered concussion of the brain and a possible fractured skull. He may recover. The two women were badly bruised. One of Miss Clancy's eyebrows was almost torn off, while Miss Lillard incurred a dislocated collarbone.

Hermann had been asked to take a car owned by Professor Davidson of the faculty of the farm school to the garage, but instead of going there direct decided to take a spin on the highway with the two young women as passengers. The hind wheel of his car skidded into a standing auto, and the borrowed auto turned turtle.

Swanberg Believes
Haase Is in Hiding

SAN FRANCISCO, May 18.—Charles O. Swanberg, cafe proprietor, who was shot and seriously wounded recently by William Linnase during an argument over employment, today said he believes his assailant is a fugitive from justice and has not committed suicide. After having been freed on bail, Haase disappeared, although Swanberg promised not to prosecute him, and friends believed that he had taken his own life. Swanberg still holds to the belief that Haase was in issue when he fired, and is of the opinion that he is in hiding at present.

Initialed Will Is
Held to Be Legal

SAN FRANCISCO, May 18.—The will of Mrs. Mary A. Huntington, divorced wife of Henry Huntington, the Los Angeles millionaire, which was signed only with her initials, M. A. H., was declared by Superior Judge Graham today to be a legal instrument and was admitted by him to probate. The property is valued at \$200,000, and among the heirs is Victor Metcalf of Oakland.

BUILDING FIRED;
INCENDIARIES FLEENew Lodge Hall at San Leandro
Is Burned by
Firebugs.

SAN LEANDRO, May 18.—Incendiaries who set fire to and destroyed the new hall of the Society of St. John this morning were discovered running away from the blaze. They were chased by lodgemen but escaped. Soaked, as it appears to have been, in kerosene, the hall was burned to the ground. Detectives are engaged today in investigating its destruction and arrests may follow.

L. Birchman, an employe of the Southern Pacific Company, and Manuel King discovered the fire. They hurried over to the hall and were told by a boy named Cyprino that two men had run from the burning building. Lodgemen who were summoned took up the hunt for the incendiaries without delay, but no trace of them could be found.

IN TWO PLACES.

According to Philip Rego, an officer of the Society of St. John, fire broke out in the hall at two places simultaneously. One of these outbreaks failed to spread, but the other quickly did and the entire hall was in flames within a few minutes. Volumes of black smoke pointed to the use of kerosene or other oil in hastening the burning. When the fire department arrived within five minutes after the fire was discovered the hall was ablaze and the efforts of the firemen were turned toward saving the adjoining chapel of the society, which they succeeded in accomplishing. Stored in the chapel were the regalia and other accoutrements that will be in the annual holy ghost festa of the society to be held June 23.

WAS NEW HALL.

The gutted hall, which is situated on Orchard avenue, was completed three weeks ago and was intended for banquets and dances in connection with the forthcoming celebration. The damage amounts to more than \$2000 and is not covered by insurance.

"Jealousy, as far as I can see, prompted the burning of the hall and I have my suspicions," declared Philip Rego. "The building of the hall arrived within five minutes after the fire was discovered the hall was ablaze and the efforts of the firemen were turned toward saving the adjoining chapel of the society, which they succeeded in accomplishing. Stored in the chapel were the regalia and other accoutrements that will be in the annual holy ghost festa of the society to be held June 23."

According to Fire Chief Bud Eber

the fire had all the appearance of

being the work of incendiaries.

TRAGEDY OF PAST IS TOLD IN COURT

Crime in Colorado Recalled to
Satisfy Law of Great
Britain.

DENVER, May 18.—A tragedy of the past which resulted in the murder of one man, the death of another by starvation and a dark blot on the escutcheon of a noble English family has been brought to light by a letter of inquiry received in the Governor's office.

Written on handsome paper and bearing a famous coat of arms, the letter asks for information concerning the death of Theodore D. B. Pryce, sentenced to the State Penitentiary in January, 1914, for having killed Reginald Neve, a British subject, according to the letter, which was signed by Lieutenant-Colonel D. D. Pryce of Tunbridge Wells, England, before he could succeed to the family title.

Car; Taken to Police
Station.

PORTLAND, Ore., May 18.—Although Bennett Thompson, a former convict, was held in jail today in connection with the murder of Mrs. Helen C. Jennings, officer is lacking evidence to connect him with the crime.

Says Biologic Law Favors Long Life

INDIANAPOLIS, May 18.—"As a man's hair whitens, his features become furrowed and back grows bent we say, 'This shows the marks of time,' but time has nothing whatever to do with such changes," said Dr. Eugene Lyman Pisk, director of hygiene in the Life Extension Institute of New York City, in a paper read before the closing session tonight of the National Conference of Charities and Correction.

DELAYS MAY COST WOMAN HER LIFE

Victim of Knife Thrust Halts
Physicians Twice; May
Die.

Mrs. Nettie Harris, who twice got up from the operating table at the emergency hospital as surgeons were about to place her under an anesthetic before operating upon a dangerous knife wound in her abdomen, is near death today because she waited too long before undergoing the operation.

A SIGHT WITH PIMPLES ON FACE

Burned and Itched. Scratching
Made Them Sore as Boils.
Could Not Sleep at Night.

HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began with small pimples and they gradually grew larger and inflamed. They broke out in blotches on my face and forehead and I looked a sight. I irritated them by scratching until they were as sore as boils, and they hurt so I cried. They burned and itched until I could not sleep at night."

Homeopathic Doctors of State in Session

SAN DIEGO, May 18.—The fortieth annual convention of the California State Homeopathic Medical Society is in session here today with physicians from all parts of the state present. Papers on medical subjects featured the meeting today, and later the delegates were guests of the exposition.

Seven Army Officers to Train New Yorkers

NEW YORK, May 18.—Seven officers attached to the garrisons in the Panama Canal Zone will have charge of the business men's training camps at Plattsburgh this year. It was announced here today. The assignment of officers from the canal zone is due to the dearth of available men in the eastern department owing to the numerous transfers to Mexico and the border.
